A single bullet. A fight for survival. A journey of faith. In his debut book, *One Inch Between Life and Death*, Steven A. Hauer shares his harrowing true story of a hunting trip gone tragically wrong—one that should have ended his life. Instead, it became a testament to resilience, divine intervention, and the unshakable power of prayer.

At just sixteen years old, Hauer faced the unimaginable when a .22 rifle round struck him in a place no one should have survived. As he lay wounded, every second became a desperate battle to stay alive. With raw emotion and vivid storytelling, *One Inch Between Life and Death* takes readers through the shocking accident, the fight for survival, and the reflections that reshaped his understanding of life and purpose.

"This book is more than just my story—it's about faith, resilience, and the unseen forces that guide us through our darkest moments," says Hauer. *"I hope my journey inspires others to see the miracles in their own lives."*

A powerful account of survival and the deeper meaning behind second chances, *One Inch Between Life and Death* will leave readers breathless, reflective, and inspired.

The book is available now in print and digital formats. For more information, review copies, or to schedule an interview with Steven A. Hauer, please contact:
