

## Timeless Treasures Co Launches Cremation and Breastmilk Jewelry to Preserve Life's Most Precious Bonds

Handmade Keepsake Jewelry Designed to Honor Love, Loss, and Legacy

**Ballston, New York Mar 15, 2025 ([IssueWire.com](https://www.IssueWire.com))** - *Timeless Treasures Co*, a heartfelt small business based in Ballston Lake, New York, proudly announces the launch of its handcrafted collection of **cremation jewelry** and **breastmilk jewelry**, created to preserve life's most intimate and irreplaceable moments. Each piece — whether a **ring, necklace, or bracelet** — is made using personal inclusions such as **cremation ashes, breastmilk**, or other cherished materials to create

timeless, tangible memories.

Founder **Elizabeth Palermo**, a mother of two and visionary behind the brand, was inspired to create **handmade remembrance jewelry** following a deeply personal experience: the passing of her father and the birth of her daughter within weeks of one another.

“It was a profound time in my life,” said Palermo. “Losing my dad and welcoming my baby girl showed me just how fragile and beautiful time is. I started creating these pieces as a way to help people carry those they love — whether they’ve passed or are part of a special season of life — close to their hearts forever.”

### **A Seamless Process for Personalized Keepsake Jewelry**

Ordering from *Timeless Treasures Co* is simple, secure, and thoughtfully guided. Customers receive detailed instructions for sending their chosen inclusions, whether it’s **breastmilk, cremation ashes, pet fur**, or another meaningful item. Only a small amount is required, and all unused materials (excluding breastmilk) are respectfully returned with the finished jewelry.

Those interested in **breastmilk keepsake rings** simply send one ounce of milk in a sealed storage bag — no refrigeration needed. The milk is then transformed into powder through a specialized preservation process, ensuring both safety and durability.

Each item is handcrafted with care, attention, and integrity. Clients can request photos or videos of their order being made, offering peace of mind that their materials are being used with the respect they deserve. Orders typically take **4–6 weeks**, allowing time for the meticulous craftsmanship that defines **Timeless Treasures memorial jewelry for ashes** and keepsake designs.

### **Craftsmanship Meets Meaning: Unique, Personalized Jewelry Designs**

Among the brand’s most loved creations are the **Tilly Teardrop Ring** and the **Vanessa Vine Ring**, both showcasing the company’s dedication to meaningful design and emotional connection. Whether customers are memorializing a loved one with **cremation keepsake pendants** or celebrating the sacred bond of motherhood with **breastmilk jewelry**, every piece is made to last a lifetime.

“We don’t just create jewelry,” said Palermo. “We create healing. We create a connection. We create a story that can be worn and passed down.”

### **About Timeless Treasures Co**

Timeless Treasures Co creates custom cremation and breastmilk preservation jewelry, providing a meaningful way to honor life’s milestones and preserve cherished memories. Founded by Elizabeth Palermo, a mother of two, the company was inspired by her experiences of personal loss and motherhood. After experiencing the loss of her father and welcoming her daughter just days later, she felt compelled to find a way to transform her grief and joy into something lasting. Using her lifelong passion for making things and her experiences as a mother, she started making jewelry to remember loved ones using preserved materials like pet fur, breastmilk, or cremation ashes. These keepsakes serve as tangible reminders of the people, pets, and moments that matter most. Today, the company offers a range of custom keepsakes, including rings, necklaces, and bracelets, crafted with care and preservation techniques to ensure lasting quality.
