

Valerie Skyler Drops Cyberpunk EDM Anthem ‘System Reboot’ – A Futuristic Tech-House Masterpiece

Set in the AI-crafted universe of Obsidian Heights, the track is a high-energy blend of melodic techno, tech house, and dance-pop.

New York City, New York Mar 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - EDM singer-songwriter [Valerie Skyler](#) has unleashed “System Reboot,” a futuristic cyberpunk anthem designed to transport listeners to the neon-lit streets of Obsidian Heights.

Combining pulsating beats, robotic vocals, and an immersive soundscape, the track is a sonic reset for anyone craving a fresh start in a world that never stops moving.

Produced by Valerie Skyler (Clair Laurelle) and Astronuts Music (Malindu Perera), “System Reboot” merges driving rhythms with uplifting melodies, creating a high-octane track that’s as thought-provoking as it is danceable.

“‘System Reboot’ is the perfect place to start my music journey,” says Valerie Skyler, “It’s beat-driven, energetic, and designed to pull you into this new fictional universe of Obsidian Heights.”

“System Reboot” first premiered on Bandcamp on February 28th, 2025, and is now available on [Spotify](#), Apple Music, Amazon Music, and all major streaming platforms.

About Valerie Skyler:

Valerie Skyler is an award-nominated management consultant turned EDM singer-songwriter and content creator. Classically trained as a pianist and vocalist, she blends her love for dance music and introspective lyrics with AI-driven visuals. When she's not redefining the messy middle of life and artistry in the digital age, you can find her scrolling through TikTok for cat videos. Learn more at valerieskyler.com.
