

Asian Chemicals Forum 2025 Set to Unite Global Leaders in Chemical Compliance and Sustainability

Nagpur, Maharashtra Apr 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - Asian Chemicals Forum (ACF) 2025 is gearing up to be the essential gathering for chemical industry professionals, regulatory experts, and sustainability leaders worldwide. Held at the prestigious ITC Maratha, Mumbai, the forum promises two days of high-impact discussions, networking, and cutting-edge solutions tailored for the chemical sector.

Be a Part of ACF 2025!

ACF 2025 is more than just a conference — it's a movement towards sustainable and responsible chemical management. Whether you're a manufacturer, regulatory professional, sustainability advocate, or industry consultant, this is the platform to exchange ideas, learn, and lead the future of chemicals management.

Why Attend ACF 2025?

- **Discover Emerging Solutions:** Learn about innovative approaches to chemical risk management and compliance.

- **Connect Globally:** Network with government officials, regulatory authorities, and industry pioneers from Asia, Europe, and the USA.
- **Stay Ahead of Trends:** Gain exclusive insights into upcoming chemical regulations and sustainability practices.
- **Network with Industry Leaders:** Engage in B2B matchmaking, roundtable discussions, and expert-led panel sessions.
- **Showcase Your Brand:** Position your company at the forefront of the industry through exhibitions, sponsorships, and speaking opportunities.

Conference Themes Include:

- Global Regulatory Impacts on the Asian Market
- GHS Developments and Implications for Asia
- Make in India Initiative: Challenges and Opportunities
- Global Framework on Chemicals Targets and Indicators

Conference Highlights:

- Keynote addresses and expert-led panel discussions
- CEO Roundtable with industry visionaries
- Compliance Expo Asia 2025 exhibition, held alongside the forum
- Presentations by UNEP, OECD, ECHA, and European Commission experts

Compliance Expo Asia 2025:

Running parallel to ACF 2025, Compliance Expo Asia is a dedicated exhibition spotlighting the latest regulatory services, testing capabilities, and sustainability innovations. The expo welcomes service providers, technology developers, laboratories, and consultants to showcase their offerings to an audience of decision-makers and industry leaders.

Don't miss this opportunity to elevate your network, knowledge, and visibility in the chemical industry.
