Nature-Refined Elegance for Mindful Living

Mangalore, Karnataka Apr 30, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Black Pebble Designs](#), the boutique interior design studio founded by Kshema Rai, celebrates its ninth year of bringing nature-inspired minimalism to coastal Karnataka's residential and commercial spaces.

Since its founding in 2016, the studio has established itself as Mangalore's premier destination for sustainable luxury interiors that harmonise traditional craftsmanship with contemporary design principles.

"We're seeing increased demand for spaces that tell authentic stories while remaining functional and timeless," notes Rai, whose signature aesthetic blends indigenous materials with clean Scandinavian influences. "Mangalore clients are increasingly rejecting disposable trends in favor of designs with integrity and longevity."

The firm's recently completed Seawind Villa project in Ullal showcases this philosophy, featuring custom furniture crafted from reclaimed teak, handwoven textiles from local artisans, and a seamless indoor-outdoor flow that celebrates the coastal setting.

Black Pebble Designs has expanded its services to include a curated home goods collection available

through its newly launched studio showroom in Balmatta. The collection features handcrafted ceramics, lighting fixtures, and textiles that embody the studio's commitment to thoughtful minimalism.

"Our growth reflects a larger shift in consumer consciousness," says Rai. "People understand that well-designed spaces positively impact wellbeing and environmental footprint. Each project is an opportunity to create beauty that serves a higher purpose."

The studio plans to launch a mentorship program later this year, supporting emerging designers from Karnataka's interior design programs, furthering Rai's commitment to nurturing local talent and sustainable design practices.

About Black Pebble Designs

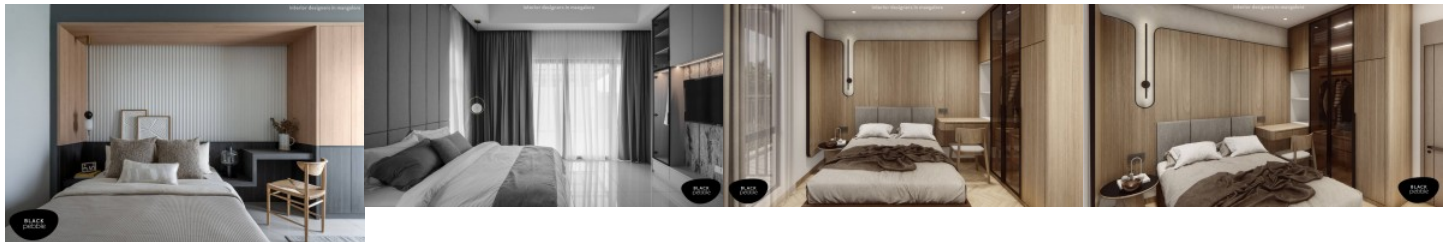

Founded in 2016 by interior designer Kshema Rai, Black Pebble Designs creates timeless, nature-inspired interiors and home products with sustainable materials. The studio's work has been featured in Architectural Digest India and Elle Decor.
