

Driveline Car Wash Redefines Convenience with 8-Minute, 24/7 Touchless Cleaning

A Smarter, Faster, and Safer Car Wash Experience

Singapore, Singapore Apr 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Driveline Car Wash is revolutionising the car cleaning experience with its ultra-fast, 8-minute, fully touchless wash system, available 24/7. Designed to eliminate the common pain points of traditional car washes, Driveline ensures a seamless, damage-free clean that fits effortlessly into the busiest lifestyles.

A Smarter, Faster, and Safer Car Wash Experience

Unlike traditional car washes that can take 20 minutes or longer, Driveline completes a high-quality wash in just 8 minutes — no waiting, no hassle. The advanced touchless technology preserves vehicle paintwork by eliminating the risk of brush-induced scratches, ensuring a consistent and pristine finish every time.

Driveline caters to various customers, from time-conscious professionals and budget-conscious car owners to automotive enthusiasts and those needing an emergency clean-up. By making car maintenance as easy as refueling, Driveline transforms a once time-consuming task into a quick, effortless routine.

Our cleaning process is 100% touchless (no rags, cloths, or brushes touching your vehicle). We utilize a 6-step process:

- Tyre & rim Jet Blast to pre clean your wheels as you enter the bay
- Pre-Soak Shampoo (Stage 1)
- Lava Foam Shampoo (Stage 2)
- Full Car Water Jet
- Water Wax
- Air Dry (2 full passes)

Competitive Pricing with Exceptional Value

Driveline offers straightforward, flat-rate pricing with no extra charges based on vehicle size. Customers can choose between standard pay-per-wash pricing or unlock additional savings through membership benefits:

- **Standard Pricing:** SGD9.90 per wash
- **Membership Offer:** SGD100 for SGD150 in credits (SGD6.60 per wash) – 50% extra value
- **Promo Days:** on selected occasions such as new outlet launch or festive period

Say Goodbye to the Inconvenience of Traditional Car Washes

Driveline eliminates the common frustrations of traditional car washes:

- **From Time-Wasted to Time-Saved** – “What would you do with all the Saturday mornings you’ll get back?”
- **From Anxiety to Confidence** – “Remember when your car’s paint looked brand new? Keep it that way without the hassle.”
- **From Inconvenience to Integration** – “What if maintaining a showroom shine was as easy as stopping for gas?”
- **From Money-Spent to Money-Saved** – “Skip the causeway traffic — save more than without the journey across borders.”
- **From Limited Opening Hours to Round The Clock** – “Drive into any 24/7 car wash outlets that are strategically located across the island for maximum accessibility and availability.
