Naturally Nourished Lashes, Effortlessly Beautiful

Certified Clean Formula for Sensitive Eyes

Brand Philosophy

Founded by XINGUO LIN in the UK, Forchics is rooted in the belief that beauty should be gentle, ethical, and harmonious with nature. Our plant-powered lash serum redefines eyelash care for sensitive skin, combining science-backed efficacy with uncompromising purity.

Key Features

- Clean & Conscious Formula:

Enriched with organic castor oil, plant-derived peptides, and vitamin E, our serum strengthens lash follicles while reducing breakage. Free from parabens, sulfates, and synthetic fragrances.

- 28-Day Visible Transformation:

Clinically tested on sensitive skin, 82% of users observed thicker, longer lashes within 4 weeks. Lightweight texture ensures zero irritation, even for contact lens wearers.

- Sustainability Commitment:

Vegan, cruelty-free (Leaping Bunny certified), and packaged in recyclable glass with FSC-certified paper.

User Testimonials

"I've tried countless serums, but Forchics is the only one that doesn't burn. My lashes look naturally fuller!" — Emily T., London

"A must-have for minimalist beauty lovers. No gimmicks, just results." — Lena R., Berlin

Special Offer

Visit [Forchics Official Store](<https://www.forchics.vip>) and use code FIRST15 for 15% off your first purchase. Subscribers receive a free Gentle Eye Care Guide curated by dermatologists.
