

Iconic Westgate Resort & Casino, Las Vegas, to Host the B.Slade Experience (BSX)

B.Slade is a 9X Grammy®-nominated, 2X Emmy® Award-winning Life Artist with multi-platinum success, renowned collaborations, and a legacy of innovation

Las Vegas, Nevada Apr 25, 2025 ([Issuewire.com](https://www.issuewire.com)) - Grammy®-nominated, multi-platinum-selling, and Emmy® Award-winning Life Artist [B.SLADE](#) will take center stage for his highly anticipated Las Vegas debut: The B.SLADE Experience (BSX) — a one-night-only event on Saturday, May 3, 2025, at 8:00 PM, inside the iconic International Theater at the Westgate Las Vegas Resort & Casino.

Renowned for his multi-octave powerhouse vocals and genre-defying artistry, B.Slade is a multi-dimensional force whose 30-year career spans music, television, film, and fashion — earning multiple Grammy® nominations, as well as Emmy®, GMA Dove®, Stellar®, and Ovation® Awards.

B.Slade's influence across genres is undeniable. His mastery as a performer, songwriter, producer, and showman has consistently placed him at the center of the industry's most impactful stages and collaborations. Now, he steps into the Las Vegas spotlight with a show designed to redefine live entertainment and cement his place among the legends who have graced the Westgate stage.

"I carry the spirit of every stage I've ever stood on, every audience I've ever moved, and every lesson I've learned from the greats," B.Slade reflects. "This isn't about proving myself — it's about continuing a

tradition of innovation, authenticity, and fearless artistry.”

Blending his original hits with reimagined interpretations of classics from Lauryn Hill, Michael Jackson, The Bee Gees, and Babyface, BSX spans Pop, R&B, Hip-Hop, Gospel, Jazz, Dance, and Rock. The night promises an electrifying mix of live vocals, cinematic visuals, choreography, and a full 8-piece band — led by award-winning bass player and producer Morgan Turner, who serves as Musical Director for the show.

“Vegas is where legends prove why they’re legends,” B.Slade shares. “But I’m not here to just join that list — I’m here to expand it. I’ve carried my sound, my story, and my soul to every stage. Now, it’s time to set this one on fire.”

A limited VIP package offers fans exclusive access to B.Slade’s private pre-show soundcheck and a personal meet-and-greet — an intimate, behind-the-scenes look at one of the industry’s most dynamic creative forces at work.

B.Slade’s extensive credits include producing and writing collaborations with Chaka Khan, Sheila E., Faith Evans, Snoop Dogg, Chris Brown, Ty Dolla \$ign, Eric Benét, and Jordin Sparks while his creative influence continues to shape some of the industry’s most iconic stages. As a Show Programmer and Background Vocal Arranger for **Janet Jackson**, he shaped some of the complex vocal soundscapes across five of her global tours and her Las Vegas residency — a role few voices in the industry can fill.

His dynamic range and powerhouse delivery also captured the attention of **Patti LaBelle**, who famously declared after hearing him, “Who is this sangin’ fool... I need him!” That moment sparked a five-year creative partnership, with B.Slade serving as principal performer and creative director on her global tours — delivering signature moments alongside one of music’s most enduring living legends.

As a Life Artist, B.Slade’s mission is simple — to create a night that audiences don’t just watch but feel. “I want every person in that room to leave transformed — like they didn’t just hear the music, they lived through every note, every story, every moment. That’s how I know the art did its job.”

On-screen, his compositions have appeared in *xXx: State of the Union*, *One on One* (The CW), *POSE* (FX), and his work on the Sheryl Lee Ralph-produced documentary *Unexpected* (Hulu) which earned him a 2024 Best Original Song Daytime Emmy® nomination.

B.Slade is also the founder of Plush Boy Apparel, a fashion brand celebrating fearless, creative expression — now in its second year.
