

Introducing David M. Medina, MD, DABR: Medical Director of Envita Interventional Radiology

Transforming Oncology Care with Cutting-Edge Interventional Radiology and a Patient-Centered Approach

New York City, New York Apr 11, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Envita Medical Centers is proud to announce the appointment of David M. Medina, MD, DABR, as the Medical Director of Envita Interventional Radiology (EnvitaIR™) in Scottsdale, Arizona. With over 20 years of experience in advanced treatment methods, Dr. Medina is set to lead EnvitaIR™ in its mission to enhance patient

outcomes through innovative interventional radiology techniques and personalized care.

A graduate of the University of Arizona College of Medicine – Tucson in 1990, Dr. Medina completed his internship in internal medicine at Creighton University School of Medicine from 1990-1991 followed by his residency in diagnostic radiology and fellowship in vascular and interventional radiology at the University of Arizona College of Medicine – Tucson in 1995 and 1996, respectively. As a Diplomate of the American Board of Radiology, he is board-certified in both interventional and diagnostic radiology. His dedication to the field, coupled with his empathetic approach to patient care, distinguishes him as a leading figure in interventional radiology.

Envita Medical Centers has been at the forefront of advanced, patient-centered treatment for two decades, and EnvitaIR™ is the next evolution in that journey. By integrating state-of-the-art interventional oncology solutions with molecular tumor board insights and advanced immunotherapy targeting, EnvitaIR™ provides tailored treatment options that maximize the chance of successful outcomes for patients battling cancer. The advanced techniques employed at EnvitaIR™, including precision chemotherapy, radiation, and ablation therapies, are designed to shrink or eradicate tumors effectively.

Dr. Medina's vision for EnvitaIR™ is rooted in the belief that every patient deserves individualized care that addresses their unique challenges. "At Envita Interventional Radiology, we are committed to pushing the boundaries of what is possible in oncology treatment," Dr. Medina stated. "By harnessing the latest technologies and methodologies, we can offer our patients the most effective and personalized solutions available."

As EnvitaIR™ continues to set new standards in interventional oncology, Dr. Medina's leadership will undoubtedly play a crucial role in furthering the mission of Envita Medical Centers: to provide advanced, patient-based treatments that prioritize precision and outcomes.
