

Jerard Rice Unveils New Single 'Starz', a Beautiful Tribute to Love That Shines Bright

Jerard Rice's new single 'Starz' is a heartfelt tribute to love, shining even in dark times. A soulful blend of hip-hop and pop, the single is now streaming on Spotify.

Webster, Apr 4, 2025 ([Issuewire.com](https://www.issuewire.com)) - Rising hip-hop and soul artist **Jerard Rice** has released his heartfelt new single. '[Starz](#)' is the title of his newest song, which is a touching tribute to love that shines even in the darkest moments. The song draws a beautiful comparison between a loved one and the stars. The song explains how the feeling of love is truly like a shining star, it is mesmerizing,

radiant, and always present in the night sky. The song is currently out on YouTube and Spotify, where it is garnering streams from music lovers.

Blending hip-hop, pop, and soul, **'Starz'** captures the magic of admiration, devotion, and deep emotional connection. The poetic lyrics and smooth vocals from the artist paint a picture of love that remains constant, glowing even in life's toughest times. The song conveys the idea of true love that shines like stars in the night - constant, radiant, and unwavering, even in life's darkest moments. The song's universal message has already struck a chord with audiences, earning recognition in Oliver Sean's Worldbeat Project. It charted on iTunes and world music rankings. In November 2024, a blues-inspired version of the song was featured in a Billboard-charting blues project, reaching #10 on the Billboard Blues Chart.

Jerard Rice uses his music to inspire and connect with listeners on a deep level. Known for hits like 'Bet On It' and 'Next 2 Paradise (feat. Sean Kingston)', the artist continues to craft songs that blend emotion with artistry. With his recent single being out on the streaming platforms, you can get regular updates on his upcoming music and artistic vision on [YouTube](#), [TikTok](#), and [Instagram](#).
