Denver, Colorado Apr 12, 2025 ([Issuewire.com](https://www.issuewire.com)) - Green Team Academy invites changemakers, activists, and community members worldwide to the **6th Annual [Earth Week Summit](#), a free online gathering from April 19-26, 2025**. This year's theme, "People Power," underscores the strength of grassroots action in tackling global challenges. While powerful world leaders are falling short in protecting the planet and human rights, grassroots leaders are stepping up and shaping a sustainable

future.

“With everything happening, it’s easy to feel powerless—but we are far from it,” said Joan Gregerson, Founder and Director of Green Team Academy. “When we come together, we can inspire each other, take bold action, and create the future we want to see.”

What to Expect at the Summit:

1. Changemaker Meetups – Interactive live sessions where participants connect, share ideas, and collaborate on real-world solutions.
2. On-Demand Interviews – A curated selection of inspiring talks from past events covering school eco-clubs, food waste, cleanups, renewable energy, policy change, sustainable fashion, and more!
3. Earth Week Summit Initiatives Directory – Submit your initiative and discover projects led by fellow changemakers worldwide.
