Ireland's New Way to Ride

Safe • Fast • Reliable Taxi Bookings
at Your Fingertips

Dublin, Ireland Apr 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - Lido To Go (<https://lidotogo.ie/>), a revolutionary new taxi booking and ride-hailing app, has officially launched across Ireland, promising passengers a safe, fast, and reliable ride companion while offering drivers an unprecedented low commission rate of just 5% per ride. This reduced commission structure enables drivers to retain more earnings, creating flexibility to potentially offer competitive fares to riders—a dual advantage that sets Lido To Go apart in a competitive market where existing apps typically charge drivers between 15% and 20% commission per transaction. By prioritizing driver profitability and rider affordability, the platform aims to disrupt the traditional ride-hailing model while maintaining service quality.

Designed with both riders and drivers in mind, Lido To Go aims to transform the Irish ride-hailing landscape by providing a fairer, more transparent platform. Passengers can enjoy quick and dependable rides across cities and towns, while drivers benefit from keeping more of their earnings thanks to the app's minimal commission structure.

“Lido To Go is committed to supporting Ireland’s taxi drivers and riders by offering a service that prioritizes fairness, safety, and efficiency,” said Mr. Emanuel Dorofte, founder of Lido To Go. “By charging only 5% commission, we empower drivers to earn more and encourage better service, while passengers receive reliable rides at competitive prices.”

Key features of Lido To Go include:

- User-friendly app interface for easy booking and real-time tracking
- Strict safety protocols ensuring driver and passenger security
- Transparent pricing with no hidden fees
- Fast ride matching to reduce wait times
- Support for cashless payments and multiple payment options

Lido To Go enters the Irish market at a time when ride-hailing apps are under scrutiny for high commission fees and a lack of driver incentives. By offering a significantly lower commission, Lido To Go aims to attract a growing network of drivers and provide passengers with a superior alternative.

The app is now available for download on both iOS and Android platforms. For more information, visit www.Lidotogo.ie.
