A TESTAMENT TO EXCELLENCE

What Our Customers Are Saying About
Onyx Coating

Read The New Blog

protection, is proud to share the overwhelmingly positive feedback received from customers and partners worldwide. Renowned for redefining the standards of ceramic coatings and paint protection films (PPF), Onyx Coating continues to set itself apart through groundbreaking innovation, user-friendly application, and world-class customer service.

Delivering on Our Mission

“At Onyx Coating, our mission has always been to redefine automotive protection by delivering cutting-edge products, unmatched performance, and outstanding customer support,” said Ahmad Madi, International Sales Manager. “The testimonials we receive daily from our global network are a testament to the effectiveness of our solutions and the relationships we build.”

What Customers Are Saying

1. Exceptional Hydrophobic Performance & Quality

Customers consistently highlight the superior quality of Onyx Coating’s ceramic coatings. Whether it’s the flagship [Graphene Pro 10H & N1](#), durable Quartz Pro 9H, or versatile Quartz, users report that water, dirt, and contaminants effortlessly slide off surfaces, making vehicles easier to clean and more stunning to look at.

2. Long-Lasting Durability, Easy Application

Installers worldwide praise Onyx Coating products for their long-lasting protection and straightforward application process. Professionals save time and effort without compromising on quality—whether applying Graphene for maximum performance or Quartz for a quick, reliable solution.

3. Unrivaled Sales & Technical Support

Onyx Coating stands out not only for its products but also for its service. From expert advice to hands-on support, the company’s sales and technical teams are frequently recognized for their responsiveness and commitment to customer success in over 70 countries.

4. True 10H Hardness & Unbeatable Protection

Graphene Pro 10H and N1 Ceramic Coating deliver genuine 10H hardness, offering elite scratch resistance, chemical durability, and long-term resilience. Professionals trust these coatings to safeguard vehicles under even the harshest conditions.

5. Mirror-Like Gloss That Turns Heads

Customers love the stunning visual results. Onyx Coating products, especially Quartz Pro 9H and Graphene Pro 10H, are praised for their deep, mirror-like gloss that delivers that unmistakable showroom finish.

Explore Onyx Coating’s Flagship Products

Ceramic Coatings

Graphene Pro 10H – Our most advanced formula with extreme hardness, hydrophobicity, and chemical

resistance.
