

Precision Medical Transcription Services Sets New Standard for Fast Transcription Services in Canada

Precision Medical Transcription Services (PMTS) as a provider of Fast Transcription services in Canada.

Cannington, Ontario Apr 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - Precision Medical Transcription Services (PMTS), a respected name in the healthcare sector in Canada, stands by its promise to provide precise transcription services that are cost-effective and consistently punctual! Situated conveniently in the hub of the Greater Toronto Area (GTA), PMTS serves doctors, specialists and EMR users nationwide, with to-use transcripts that can be effortlessly sent via email, email, print mail or fax.

In response to the rising need for efficient healthcare records management services in the industry today, PMTS has become the go-to choice for healthcare facilities and practices seeking assistance with their transcription requirements.

"Recognizing the significance of time in the healthcare sector is crucial to us, at PMTS; hence our dedication to swift service delivery and accuracy while ensuring convenience. Without sacrificing excellence, "the representative of PMTS highlighted confidently.

Why Choose PMTS?

Compared to doing transcription work, in house that can consume a lot of time and resources, choosing PMTS for outsourcing does not save costs. It is also a smart operational decision. Many EMR systems are intricate and time intensive, PMTS provides a solution, by managing documentation tasks so

healthcare providers can concentrate effectively on billing services, scheduling and patient support.

PMTS provides pricing options. You can choose to pay per 80-character line or per minute of dictation without any surprises like hidden fees or extra charges for formatting and minimal background noise adjustments included in the package as a bonus feature at no additional cost to you! This level of openness and affordability has positioned PMTS as a provider of [Fast Transcription services in Canada](#).

Secure, Local, and Professional

In the field's discussions lies a worry regarding data protection measures. PMTS ensures that all transcription tasks are carried out domestically to aid the workforce. There is a policy, against sending any files within the company. Employing a platform that complies with both PIPEDA and HIPAA regulations, PMTS enables clients to access and exchange reports around the clock in a safe and user-friendly manner.

Customers also enjoy the perks of proofreading and editing services along, with billing processes and affordable fax options provided by PMTS company. Whether it involves transcribing content or refining reports, PMTS guarantees top-notch quality work delivered promptly, typically in just 24 hours.

"We customize our services to suit the requirements of your project and offer speed and dependability. Our aim is to maintain our position, as the provider of transcription services, in Canada." the spokesperson added.
