

Prolox Revolutionary Skincare Range for Mature and Sensitive Skin

Prolox

Sydney, New South Wales Apr 25, 2025 ([IssueWire.com](https://www.issuewire.com)) - Prolox, the top Australian skincare brand, is thrilled to launch its dermatologically formulated range for dry, Ageing, and sensitive skin. With a passion for gentle, effective, and science-backed formulas, Prolox plans to transform daily skincare routines with its innovative moisturising and barrier-protecting solutions.

Transforming Skincare for Sensitive and Ageing Skin

As the skin matures, it dries and loses its elasticity, becoming vulnerable to dryness, irritation, and damage from the external environment. Prolox acknowledges the unique needs of Ageing skin and has developed a specialist range featuring hydrating, soothing, and rejuvenating ingredients to maintain healthy, nourished skin.

The revised product portfolio comprises:

1. Prolox Gentle No Rinse Soap-Free Skin Cleanser

This gentle, [soap free skin cleanser](#) is perfect for sensitive and dry skin. It cleanses without disturbing the skin's natural barrier, providing a great, non-irritating wash for everyday use.

2. Prolox Moisturising Skin Lotion

A non-greasy, lightweight lotion containing ceramides, vitamin E, and shea butter. This product deeply moisturises and fortifies the skin barrier, and it's great to use every day to soften and smooth skin.

3. Prolox Oat Moisturising Body Wash

A sulphate and soap-free [Moisturising body wash](#) containing oat lipids, glycerine, and aloe vera. This cleanses without stripping the skin of its moisturising benefits, leaving long-term hydrated and nourished dry and sensitive skin.

What makes Prolox different

Unlike conventional skincare brands, though, Prolox prioritises gentle and effective formulas with no harsh chemicals, parabens, synthetic fragrances, and sulfates. Each product is uniquely formulated to provide the best possible hydration, repair barriers, and enduring protection, so they can be used by people with the most sensitive of skin.

Key benefits of Prolox Skincare:

- ☑ Dermatologically proven and made in Australia for sensitive and mature skin.
- ☑ pH-balanced formulas that reinforce the natural barrier of the skin.
- ☑ High in nutritious, plant-based compounds for long-term skin health.
- ☑ Cruelty-free and environmentally friendly with green packaging.

Commitment to Skin Health and Sustainability

Prolox targets skin wellness with science-based solutions to skincare. Through the marriage of natural, evidence-based ingredients, the brand sees to it that its products deliver the most hydrating, repairing, and anti-ageing effects possible. Prolox also places great emphasis on sustainability.

Availability and Where to Find

The Prolox skin products are available in high-end online stores and high-street pharmacies in Australia. Customers also have the ability to order directly from the official website <https://prolox.com.au> and take advantage of special offers and product packs.
