

Rachel M. Dailey, DNP, APRN, FNP-BC: Bridging the Gap in Primary Care with Personalized Services at Lotus Elite Care

Revolutionizing Healthcare Accessibility in Palm Coast, Florida

New York City, New York Apr 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - In a bold step toward transforming healthcare accessibility, Rachel M. Dailey, DNP, APRN, FNP-BC, has launched Lotus Elite Care, a pioneering practice dedicated to providing personalized and accessible healthcare services. With a commitment to filling the glaring gaps in the healthcare system, Lotus Elite Care offers services via

telehealth and in-home visits, available 24/7 to ensure that every client's health needs are prioritized.

Rachel Dailey, a highly qualified Advanced Practice Registered Nurse and Board-Certified Family Nurse Practitioner, earned her Bachelor of Science in Nursing Degree from Florida Atlantic University in 2006 and her Doctor of Nursing Practice Degree from the University of Florida in 2013. After years of working primarily in emergency medicine, Rachel witnessed firsthand the struggles patients face when seeking primary care. Many individuals resort to emergency rooms due to the lack of timely access to primary care, only to leave with significant bills and little follow-up care.

Lotus Elite Care is Rachel's response to this challenge. Operating under a membership-based model that adheres to the Direct Patient Care philosophy, the practice ensures that clients receive prompt attention and personalized healthcare solutions. This innovative approach aims to reduce unnecessary emergency room visits, saving patients both time and money while fostering a collaborative healthcare experience.

"I believe that healthcare should be both professional and personal," Rachel shares. "At Lotus Elite Care, we are committed to becoming partners in your healthcare journey. Our goal is to provide you with the preventive care you need and the immediate attention you deserve, so you never feel alone in your health management."

The services offered at Lotus Elite Care not only prioritize immediate healthcare needs but also emphasize the importance of preventative care, empowering clients to take control of their health. With Rachel's expertise and compassionate approach, patients can expect a tailored healthcare experience that meets their unique needs.

On a personal note, Rachel is also a dedicated mother of two, balancing her professional commitments with her family life. This experience deepened her understanding of the importance of accessible healthcare for families in the community.
