Raven Resources Corp. Invests in Bank of America Callable Notes to Diversify Asset Base

Dallas, Texas Apr 8, 2025 (Issuewire.com) - Raven Resources Corp. has invested in Bank of America callable notes, further diversifying its asset base and reinforcing its financial strategy with structured income-generating securities.

Callable notes provide Raven with periodic interest payments while allowing the issuer, Bank of America, to redeem the notes at predetermined intervals. This investment offers attractive yield potential while contributing to the company's liquidity and financial flexibility.

"Investing in Bank of America callable notes aligns with our strategy of maintaining a well-diversified asset portfolio that balances risk and return," said Paul Scribner, CEO of Raven Resources Corp. "This investment provides an opportunity for stable income while preserving capital flexibility."

Raven Resources remains committed to deploying capital in strategic investments that enhance financial resilience and maximize returns.
