Established with a vision to provide environmentally responsible solutions for electronic waste disposal, S.N. Computer has emerged as a trusted name in Mumbai's e-waste recycling sector. The company offers a comprehensive range of services, ensuring that electronic devices are disposed of in compliance with environmental regulations.

Services Offered 1. **E-Waste Collection & Sorting**

S.N. Computer facilitates the collection of various electronic waste items directly from clients' locations. Whether it's a single device or bulk quantities, the company ensures timely pickup, making the process convenient for individuals and businesses alike.

2. **E-Waste Management**

Beyond collection, S.N. Computer provides end-to-end e-waste management services. This includes the sorting of electronic waste into categories based on material type and potential for reuse or recycling.

3. Dismantling

The company employs safe and efficient dismantling processes to separate valuable components from electronic devices. This step is crucial for recovering materials that can be recycled or refurbished.

4. E-Waste Recycling & Disposal

S.N. Computer adheres to best practices in recycling, ensuring that materials such as metals, plastics, and glass are processed responsibly. Hazardous substances are handled with care to prevent environmental contamination.

Types of E-Waste Collected

S.N. Computer accepts a wide array of electronic waste items, including:

- **Computers & Laptops:** Desktops, laptops, servers, and related peripherals.
- **Telecommunication Devices:** Mobile phones, fax machines, and telephones.
- **Office Equipment:** Printers, scanners, copiers, and UPS systems.
- **Consumer Electronics:** Televisions, radios, DVD/VCD players, and microwave ovens.
- **Miscellaneous Items:** CFL bulbs, batteries, and cable/TV equipment.

Why Choose S.N. Computer? **Authorized & Registered**

S.N. Computer is a government-authorized e-waste recycler, ensuring that all processes comply with local and national regulations. This authorization underscores the company's commitment to lawful and ethical e-waste management.

Comprehensive Services

From collection to recycling, S.N. Computer offers a full spectrum of services, making it a one-stop solution for all e-waste disposal needs.

Data Security

Understanding the importance of data privacy, S.N. Computer provides secure data destruction services, ensuring that sensitive information is permanently erased from devices before disposal.

Environmental Responsibility

The company employs eco-friendly recycling methods, aiming to reduce landfill waste and recover valuable materials, thereby contributing to a circular economy.

Competitive Pricing

S.N. Computer offers competitive rates for e-waste, providing clients with monetary value for their discarded electronic devices.

The Importance of E-Waste Recycling

India is the third-largest producer of e-waste globally, generating approximately 2 million tons annually. Improper disposal of this waste can lead to the release of toxic substances such as lead, mercury, and cadmium into the environment, posing serious health risks to communities. By choosing certified recyclers like S.N. Computer, individuals and businesses can ensure that their e-waste is handled responsibly, mitigating these risks.

How to Avail Services

To utilize S.N. Computer's services, clients can:

- **Call:** Reach out directly at the provided contact numbers.
- **Email:** Send an inquiry or request for pickup to the provided email address.
- **Visit:** Drop off e-waste at the company's Kurla location.
