

Soubrata V. Raikar, MD, Leads the Charge at Midwest Anesthesia & Pain Management

Transforming Pain Management Services Across Omaha and Fremont, Nebraska

New York City, New York Apr 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Midwest Anesthesia & Pain Management, a leading provider of chronic pain management solutions, proudly announces its commitment to enhancing patient care under the leadership of Medical Director Dr. Soubrata (Shane) V. Raikar, MD. With a philosophy focused on quality care and offices in Omaha and Fremont, Nebraska, Dr. Raikar and his dedicated team strive to not only alleviate pain but also restore function and improve the overall quality of life for their patients.

Since its inception in 2000, Midwest Anesthesia & Pain Management has been at the forefront of innovative pain management therapies. The practice offers a comprehensive range of proven treatments tailored to meet the unique needs of each patient. These therapies include medication management, neurostimulation and drug delivery therapy, physical therapy, epidural steroid and facet injections, radiofrequency ablation, and kyphoplasty. Dr. Raikar is at the forefront of the latest research techniques in Interventional Pain Management, demonstrating a strong commitment to advancing the field. His innovative contributions include pioneering the posterior oblique approach to sacroiliac (SI) fusion, which has garnered attention for its effectiveness and improved patient outcomes. By integrating

cutting-edge methodologies and a deep understanding of pain mechanisms, Dr. Raikar continues to lead the way in developing strategies that enhance the quality of care for patients suffering from complex pain conditions. His dedication to research and clinical excellence positions him as a key figure in the evolution of interventional pain therapies.

A cornerstone of the practice is R Choice Surgical Center and Choice Surgical Center, advanced outpatient facilities that specialize in treating conditions such as neuropathy, post-laminectomy syndrome, chronic neck and back pain, chronic regional pain syndrome, fibromyalgia, and headaches. The exceptional staff at the facilities employ innovative techniques and products designed to enhance patient independence and overall function, ultimately leading to a better quality of life.

Dr. Raikar is a distinguished graduate of the Creighton University School of Medicine, where he completed his Medical Degree in 1994. He further honed his expertise through residencies at Texas Tech University and a fellowship at the University of Nebraska Medical Center. With over 20 years of experience in the field, Dr. Raikar is also a published authority in the latest interventional pain therapies, reflecting his commitment to advancing the field of pain management.

Above all, Dr. Raikar emphasizes delivering care with exceptional attention to quality and compassion. His goal is to empower patients by providing innovative strategies and treatments that promote independence, enhance overall function, and significantly improve their quality of life.

As Midwest Anesthesia & Pain Management continues to lead the way in chronic pain management, Dr. Soubrata Shane V. Raikar and his team remain dedicated to making a positive impact on the lives of their patients and the community.
