

Spanish-language Information Session on the Prevention of Drug Use in Latinx Youth and Reality Tour®

Take the first step toward protecting our youth—join us and help create a safer, drug-free future for the Latinx community!

Mount Vernon, Washington Apr 24, 2025 ([Issuewire.com](http://www.Issuewire.com)) - Aware of the challenges that many young people face today, especially within the **Latinx** community, we invite fathers, mothers, caregivers, and community leaders to join us for a **Spanish-language Information Session on the Prevention of Drug Use in Latinx Youth**, featuring information about **Reality Tour®**.

Reality Tour® is an innovative, evidence-based prevention program designed to spark honest, impactful conversations within families about the consequences of drug use. Through realistic dramatic scenes, powerful personal testimonies, and active community participation, Reality Tour® creates an unforgettable experience that resonates with youth and adults alike.

During the information session, we will discuss how this program can:

- **Strengthen family ties** through open dialogue.
- **Increase youth resilience** against group pressure.
- **Connect schools with families** significantly.
