Jim Noyes ★★★★★
Lemon Lion did what nobody else could previously do: they got us out of our 30 year contract with the resort. What a relief! The folks we worked with were professional and they did what they said they'd do. It was a great experience and I highly recommend their services if you're stuck with an unwanted timeshare. Five stars all the way!!

Kimberli Barnes ★★★★★
Searched around looking for a cancellation company to assist us with our timeshare. Lemon Lion was the most affordable one with the most consistent positive reviews. Started with them in March and was fully released from our timeshare by August. Would definitely recommend! They were responsive and customer service was great.

Robert Ball ★★★★★
They were very risk helpful and appreciative. We've had really good experience with lemon lion. Myself, I wouldn't recommend anybody else. We are so happy that we're out of our Timeshare, no more headaches. And only took less than 10 months. Thank you all for helping us!

  

What Is a Timeshare?

A timeshare is a vacation ownership contract that gives you the right to use a resort for typically one week each year but comes with long-term fees, maintenance costs, and limited availability.

Most Owners Don't Realize:
You're signing a forever contract. Binding you and your family to payments for life.
Annual maintenance fees go up every year... even if you skip your trip.
You don't own a unit— anyone can book the same resort online for less.
There's no resale value, no equity, and no easy exit.

It's not vacation ownership.
It's a lifetime billing agreement.
