

## Visionaries Roundtable 2025: Strategies for Growth Amidst National Recession Concerns

**Charleston, South Carolina Apr 15, 2025 ([Issuewire.com](https://www.issuewire.com))** - The Visionaries Roundtable is set to take place in Charleston, South Carolina, from April 27–29, 2025, at The Camden Room. This exclusive, invitation-only event brings together an elite group of 100 CEOs, founders, and high-level executives, creating a unique platform for intimate discussions, strategic collaborations, and lasting partnerships.

As a premier event for established middle-market leaders, the Visionaries Roundtable serves as a catalyst for growth, offering direct access to decision-makers, influencers, and entrepreneurs who have a proven track record of building successful companies. Unlike traditional conferences that rely on keynote speakers and large-scale presentations, the Visionaries Roundtable focuses on deep, meaningful interactions and organic networking that address real-time challenges faced by today's business leaders.

With an emphasis on quality over quantity, the Visionaries Roundtable limits attendance to 100 vetted CEOs, founders, and business owners who meet a specific criterion. The event is designed to encourage deep, authentic conversations, providing opportunities to forge meaningful connections that can lead to business partnerships, investments, and collaborations.

*"What was fascinating to me was I could be sitting between a single mom with her start up on one side, and a guy with 3 IPO's on my right side and they both learned from each other,"* stated Paul Clayton, former advance agent for the White House and M&A professional.

The event features intimate roundtable discussions where participants can engage with their peers in candid, solution-oriented dialogues. Topics range from strategies for scaling businesses and raising capital to best practices in exit planning and navigating M&A opportunities. These interactive sessions ensure that everyone walks away with actionable insights tailored to their unique business challenges.

Gary Goldstein, the executive producer of the blockbuster hit, *Pretty Woman*, said, *"A beautiful expression of Doug in action. The connections, the level of people that you meet here, the level of opportunities to serve and be served, and there's a lot of serendipity that happens here, both personally and professionally. I'll be back in the spring for the next chapter."*

### **Past Notable Guests:**

Previous rounds have hosted a distinguished roster of participants, including:

- Mohan Ananda, Chairman & CEO of Innovative International Acquisition Corp. (IOAC)
- Jeff Getty, Managing Director of Business & Transaction Advisory at Callan Family Office
- Kevin Leonard, Major General (Ret.) US Army & President/CEO of Satellite Services Inc.
- Paul Clayson, CEO and Board Member at Various Companies

*"The reason why I've literally met millionaires, multimillionaires, and billionaires is because of this event. I've actually met people here that I'm going to have strategic business relationships with right now. The speakers provide invaluable insights that will not only support your business but also break through your limiting beliefs. You definitely have to attend the next event,"* shared Kalani Vale, Bestselling Author of *"R.O.L. Return on Life"*.

If you are a CEO, founder, or an entrepreneur of an established business, you can apply at:
