

Where Style Meets Wag: Mishka Grooming Elevates Dog Grooming in Beverly Hills to a Luxe Experience

Beverly Hills, California Apr 15, 2025 ([Issuewire.com](https://www.issuewire.com)) - For dog lovers in Los Angeles, pet grooming just got a luxurious upgrade. Say hello to Mishka Grooming, Beverly Hills' newest and most sophisticated pet grooming salon, where cutting edge style meets heartfelt care.

Tucked away on the tree-lined streets of 370 S Maple Dr, Mishka Grooming is more than a grooming

shop—it's a boutique spa experience designed entirely around your pet. With a talented team of certified groomers, personalized service, and a serene, light-filled space, Mishka is redefining how grooming should feel—for both pet and owner.

A Fresh Perspective on Pet Care

From the moment you and your dog step through the doors, Mishka's commitment to comfort, cleanliness, and creativity is unmistakable. The modern, newly remodeled space features calming colors, ample natural light, and the soft sound of soothing music—a stress-free sanctuary designed to keep tails wagging.

But it's not just the ambiance that has people talking—it's the grooming itself. The Mishka team specializes in a wide range of services, from precise Asian Fusion styles and hand-stripped coats to show-ready trims and therapeutic skin treatments. Every session is tailored to your pet's breed, personality, and unique grooming needs.

"Our dogs are family, and we treat them like royalty," says a Mishka spokesperson. "Our goal is to provide grooming that's not only beautiful but also beneficial for the dog's health and well-being."

More Than Grooming—It's Self-Care for Your Pet

At Mishka, grooming goes beyond aesthetics. Regular, high-quality grooming contributes to your dog's long-term health by improving circulation, reducing skin issues, and even detecting early signs of illness.

The salon only uses premium, pet-safe products that are gentle on skin and nourishing to the coat. Pet parents can choose from a variety of spa packages, including:

- Deep Cleansing Baths & Coat Conditioning
- Nail Trims, Paw Care & Ear Cleaning
- De-shedding & De-matting Treatments
- Customized Haircuts & Creative Styling
- Puppy's First Groom Package for young dogs

A Trusted Name in a Pet-Loving Community

Already becoming a staple in the Beverly Hills pet community, Mishka Grooming has built a reputation for its kind approach, attention to detail, and unmatched styling finesse. Clients rave about the salon's ability to make even the most anxious dogs feel calm, secure, and confident.

"I've never seen my dog this happy after a grooming appointment," says one satisfied customer. "He walked out like he owned the block."

"Whether you're prepping for a doggy photo shoot, maintaining a regular grooming routine, or just want your pup to look and feel their best, Mishka Grooming is your destination for elevated pet care."
