Under IAMGETEM's guidance, XOCreepie refined their instrumental techniques and delved into the complexities of audio engineering and production. This mentorship laid the foundation for XOCreepie to develop a unique sound that blends the raw energy of punk, the haunting melodies of goth rock, the soulful undertones of blues, and the infectious rhythms of rockabilly and pop. Their music is both eclectic and cohesive, offering listeners a sonic experience that is as bold as it is introspective.
