

Zhejiang Exhibition Group Makes its Third Appearance at AI Expo Japan

Showcasing the Global Competitiveness of Digital Zhejiang

Tokyo, Japan Apr 15, 2025 ([Issuewire.com](https://www.issuewire.com)) - The 2025 Zhejiang Service Trade Exhibition (Japan), hosted by the Department of Commerce of Zhejiang Province, was successfully held at the Tokyo Big Sight International Exhibition Center during April 15th to 17th, 2025. Drawing on the experience of the AI EXPO JAPAN, 10 leading AI enterprises in Zhejiang province was organized together to make their third appearance at this exhibition, under the theme of “Digital Zhejiang: AI Empowering the World”, which centered on the fields including AI data services, robotics technology, industrial intelligence, geographic information, and fintech. These enterprises concentrated on showcasing their innovative achievements and industrial capabilities and promoted the further expansion of the influence of “Zhejiang Serving the World”.

This time, 10 enterprises, including Unitree Robotics, Cainiao, Oxvalue.AI, Hydsoft, SUPCON, Zijiefangzhou, Century, Dataocean AI, and TAILE GEO, are get together to highlight their complete industrial chains from basic technologies to industry applications.

This participation in the exhibition not only demonstrates the latest achievements of the development of the digital economy in Zhejiang but also provides important opportunities for enterprises to expand their international markets and to participate in cooperations of the global industrial chain. In recent years, Zhejiang Province has paid more attention to the development of the digital economy, expanding the scale of the artificial intelligence industry and improving the innovation capability significantly.

This exhibition makes more contributions to the international popularity and cooperation channels for enterprises in Zhejiang Province and injects new impetus into the high-quality development of its service trade. Zhejiang Province will continue to take its full advantages in the digital economy, deepen international cooperation, and devote to the development of the global digital economy and digital trade.
