

Adriana Corben, MD: A Leader in Breast Pathology at Maimonides Medical Center

Transforming Patient Care Through Expertise in Anatomic Pathology and Breast Cancer

New York City, New York May 19, 2025 ([IssueWire.com](https://www.issuewire.com)) - Adriana Corben, MD, a distinguished breast pathologist with over 30 years of experience, is making significant strides at Maimonides Medical Center in Brooklyn, New York. As the Chief of Breast Pathology Services, Vice Chair of the Department of Pathology and Laboratory Medicine, and Director of Anatomical Pathology, Dr. Corben plays a pivotal role in advancing the diagnosis and treatment of breast cancer.

Dr. Corben earned her Medical Degree from the prestigious University of Pavia Faculty of Medicine and Surgery in Italy in 1997. Following her graduation, she relocated to the United States, where she honed her skills through rigorous residency and fellowship training in anatomic pathology at Massachusetts General Hospital, completing her training in 2008. Her extensive background equips her with a deep understanding of breast pathology and the complexities of breast cancer, making her a valuable asset to both her patients and colleagues.

As a Diplomate of the American Board of Pathology, Dr. Corben is committed to maintaining the highest standards in her field. She is actively involved in several professional organizations, including the American Medical Association, the American Society for Investigative Pathology, the College of American Pathologists, the European Society of Pathology, the International Society of Breast Pathology, the Italian Society of Pathological Anatomy and Diagnostic Cytopathology, and the United States and Canadian Academy of Pathology. Her involvement in these organizations underscores her dedication to staying at the forefront of advancements in pathology and ensuring that her patients receive the most accurate and effective care.

Dr. Corben's specialties focus on breast cancer, anatomic pathology, and pathology as a whole. Her expertise allows her to provide critical insights that aid in the diagnosis and treatment planning for patients with breast cancer, ultimately improving patient outcomes. Her commitment to excellence in pathology is evident in her meticulous approach to diagnosis and her collaboration with multidisciplinary teams to provide comprehensive care.

In addition to her professional accomplishments, Dr. Corben is fluent in both English and Italian, allowing her to connect with a diverse patient population and enhance communication within her practice.

Dr. Adriana Corben is a leader in her field and a compassionate advocate for her patients. Her unwavering commitment to advancing breast pathology services at Maimonides Medical Center reflects her dedication to enhancing patient care and outcomes in the community.
