BIO

Sandeep Barot, professionally known as Sandeep, is an independent rapper redefining what it means to be both street and spiritual. Born with a deep cultural heritage and an unmatched grind, Sandeep has carved a unique lane in hip-hop by combining raw storytelling, godlike symbolism, and high-level lyricism.

Wiz Khalifa, "Swap Out" feat. Young Thug, "Pleasure and Pain" feat. Lil Durk, "King Of The Block" feat. Lil Wayne, and "Still The Motto" feat. Lil Baby—showcase his versatility and his ability to hold his own next to some of the biggest names in the game.

Operating under his own imprint, Sandeep isn't just an artist—he's a movement. His music reflects years of pain, pressure, spiritual awakening, and triumph. With industry-quality production and major features already under his belt, he's setting the stage for massive growth and international impact.

Los Angeles, California May 2, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Rap's underdog just stepped into god mode. \$andeeep, the first Indian artist reppin' true gangsta rap, releases his most powerful body of work yet: G.O.D (Gangsta Over Dose). G.O.D (Gangsta Over Dose) is more than just an album - it's a reflection of \$andeeep's rise, his scars, his hunger, and his heart. It's loud, unapologetic, and rooted in the real. With a mix of pain, hustle, and love, \$andeeep's storytelling hits harder than ever.

Who Is \$andeeep?

Fully independent and fully fearless, \$andeeep is a rare force in hip-hop. No label handouts. No ghostwriters. Just pure grind. As the only Indian gangsta rapper moving like this, he's paving a path that's never been walked before. With collaborations locked in with some of rap's biggest names, his reach is global, but his message is always personal.

A Love That Anchors It All:

Amid all the chaos and come-up, \$andeeep's heart stays grounded in love. Many tracks on G.O.D speak on his deep connection with a woman - the woman who helped him rediscover light during his darkest hours. Their bond fuels his music with emotion and truth.

"This ain't just another album. This is my truth. My pain. My wins. All in one." - \$andeeep
