A Driving Force in Land Acquisition for Public Infrastructure Projects in the Southeast

New York City, New York May 13, 2025 ([IssueWire.com](https://www.issuewire.com)) - Audrey Barnes, a licensed real estate professional in Georgia, currently serves as the Land Acquisition Manager at Croy Engineering, LLC, and as a Real Estate Paralegal with GDCR Attorneys at Law. With extensive expertise in property negotiations and legal support, Audrey is instrumental in managing the acquisition of land, right-of-way, and easements for public infrastructure projects throughout the Southeastern United States.

In her dual roles, Audrey oversees a comprehensive range of acquisition activities, ensuring compliance with regulatory standards, addressing relocation needs, and facilitating public coordination. Her qualifications include pre-certifications with various state departments of transportation, such as Georgia, Alabama, and Tennessee. She holds notable designations, including D-1 R/W Project Manager and Negotiation Agent levels through the Georgia Department of Transportation (GDOT). This meticulous attention to detail allows her to execute each transaction with clarity and efficiency, significantly reducing potential delays while meeting the expectations of all stakeholders involved.

Audrey's educational background includes a degree from Kennesaw State University, which complements her professional journey. Her deep understanding of the complexities involved in real estate transactions, coupled with her empathetic approach, enables her to effectively guide property owners through challenging processes. Her strong communication skills and commitment to collaboration have been pivotal in her work, resulting in the successful acquisition of over 3,000 parcels for esteemed clients such as GDOT, the City of Atlanta, and Cobb County.

Through her dedication and expertise, Audrey has played a key role in advancing more than \$2 billion in critical infrastructure development across the region. Her contributions not only enhance public infrastructure but also positively impact the communities that benefit from these vital projects.
