US, United States May 20, 2025 ([IssueWire.com](https://www.IssueWire.com)) - If you're running a small or medium-size business today, you are in survival mode, even on your good days. Inflation continues to push costs higher. Supply chains are still volatile. Customers aren't coming through as often, and every month seems more like a juggling act to keep the doors open. Custom Financial Info has a solution for you!

You're doing everything right — working long hours, trimming costs, trying to plan ahead. But the truth is, cash flow is still king, and that never changes. Payroll, inventory, unexpected repairs or last-minute opportunities pop up whether you're ready or not. Custom Financial Info has an answer!

And when you're ready to go looking for funding? It's like hitting a wall. Long forms, weeks of waiting, perhaps a loan committee and, finally, a vague rejection specifically because of some outdated financial model underwriter that did not understand how your business was actually doing. It's frustrating. It's demoralizing. And in this environment, it's the difference between growing and failing. BUT Custom

Financial Info was made for you!

This is why Custom Financial Info exists — to be the solution when old-school finance yells “NO” or makes you leap through hoops that you don’t have the time or energy for.

The hero in all this? The [60-Second Pre-Qualification Tool](#) that cuts to the chase! It considers your actual business data — not just your credit score — to match you with loan options or merchant cash advances you’re more likely to qualify for.

No confusion. No wasted time. No false promises.
