

Craft Putt Brings Food, Fun, and Mini Golf to Lee's Summit with New 12,000+ Square Foot Location

Lees Summit, Missouri May 7, 2025 ([IssueWire.com](https://www.issuewire.com)) - Craft Putt, the locally founded indoor mini golf restaurant that first opened in Overland Park in 2022, officially opened its doors in Lee's Summit on May 3rd. This marks Craft Putt's second location, delivering an unbeatable combination of classic bar food, custom-designed mini golf courses, and family-friendly fun.

Located in a massive 12,000+ square-foot space in the Summit Fair Shopping Center, Craft Putt Lee's Summit features two custom 10-hole indoor mini golf courses, each with unique themes. In addition to golf, guests can enjoy free mini golf-themed games, a spacious bar, seating for over 200 guests, and a private event space known as the "Caddy Corner," perfect for parties, corporate events, and group outings.

On the menu, Craft Putt elevates classic bar favorites with quality ingredients. Smash-style burgers have quickly become the fan favorite, with the standout **PB & J Tour** — a crave-worthy burger topped with peanut butter and bacon jam — stealing the show.

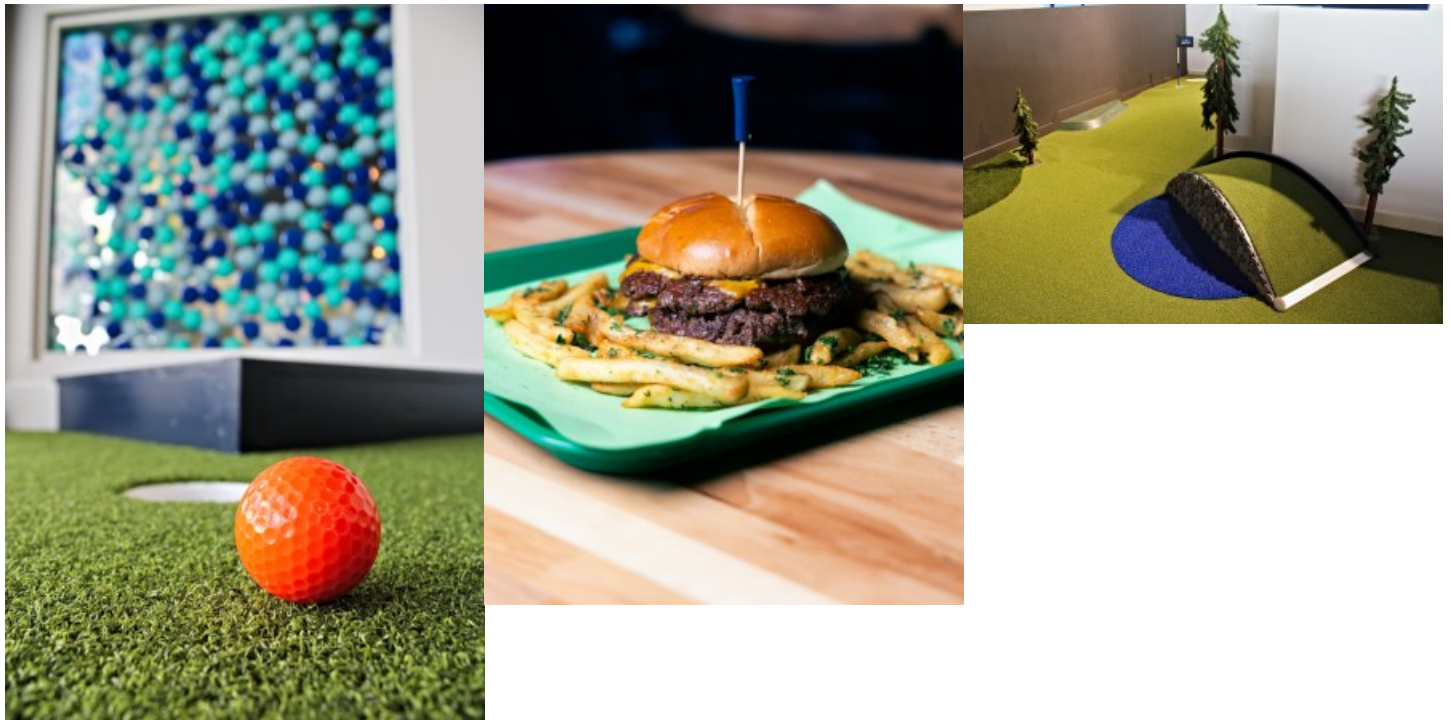

"Our goal was to create a space where everyone can come to have fun, enjoy great food, and feel right at home," said AJ Chinn, local owner of Craft Putt. "We are incredibly excited to bring this unique

concept to the Lee's Summit community.”

Craft Putt offers a lively, welcoming atmosphere perfect for families, groups, and casual nights out. The venue is family-friendly throughout the day, with a 21+ policy beginning at 8 PM on Fridays and Saturdays to provide an adult-friendly evening experience.

Craft Putt Lee's Summit is now open and ready to welcome guests for an unforgettable dining and entertainment experience.
