

Crespo Partners Launches CRM+—A No-Barrier, Enterprise-Grade CRM, 100% Free

No trials or fees—sync listings, messaging, pipelines & real-time analytics in one free, enterprise-grade dashboard.

Lakeland, Florida May 13, 2025 ([IssueWire.com](https://www.issuewire.com)) - Today, Crespo Partners debuts **Advanced CRM+**, the only professional-grade CRM ecosystem built for small businesses that requires no trials, no credit cards and reveals no surprises. CRM+ delivers a dedicated environment—complete with listing management, unified inbox, outreach automation, real-time reporting and free Advertising Intelligence—while remaining separate from the broader Crespo AI dashboard, which houses 30+ additional AI apps (image generators, voiceovers, video creators, website and funnel builders, and more).

"CRM+ is our commitment to giving business owners a standalone command center," said Bryan Jaglal, founder of Crespo Partners. "It's laser-focused on customer relationships, while the main Crespo AI dashboard remains your gateway to every other AI tool you could need."
