With a wealth of experience and a commitment to patient safety, Dr. Patheja is transforming the anesthesiology landscape at ChristianaCare Hospitals

New York City, New York May 15, 2025 ([IssueWire.com](https://www.issuewire.com)) - Dr. Jashen Patheja, a distinguished anesthesiologist with over a decade of experience, is making waves in the medical community of Harrisburg, Pennsylvania. Affiliated with ChristianaCare Hospitals, Dr. Patheja is recognized for his expertise in anesthesiology, providing high-quality care to patients undergoing surgery and other medical procedures.

Dr. Patheja earned his medical degree from the Philadelphia College of Osteopathic Medicine and completed his residency in anesthesiology at Drexel University College of Medicine/Hahnemann University Hospital from 2015 to 2018. His extensive training and hands-on experience have equipped him with the skills necessary to manage anesthesia during a wide range of surgical procedures, ensuring the utmost safety and comfort for his patients.

As a board-certified anesthesiologist, Dr. Patheja specializes in general anesthesiology, focusing on the administration of anesthesia to keep patients unconscious and pain-free during surgery. In addition, he is skilled in pain management techniques, offering treatments such as medication pumps and nerve blocks for patients suffering from chronic pain conditions.

Dr. Patheja's commitment to patient care is evident in his approach to each individual. He believes that effective communication is key to alleviating anxiety surrounding surgical procedures. "My goal is to ensure that every patient feels informed and comfortable," Dr. Patheja states. "I take the time to explain the anesthesia process and answer any questions, as I understand that undergoing surgery can be a daunting experience."

In addition to his clinical practice, Dr. Patheja is dedicated to staying current with the latest advancements in anesthesiology. He actively participates in continuing education and professional development, ensuring that he provides the best possible care based on the most recent scientific findings.
