

Dr LV Skin and Hair Clinic Sets New Standards for Acne Scars and Pigmentation Treatment in Malaysia

Leading Skin Doctor in Malaysia Offers Advanced Acne Scars and Pigmentation Treatments for Lasting Results

Subang Jaya, Selangor May 16, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr LV Skin and Hair Clinic, operating under Klinik Mediviron Grand Subang, is gaining recognition as a leading [skin doctor in Malaysia](#), offering transformative aesthetic and dermatological treatments. Known for its patient-first philosophy and expert-led care, the clinic is changing the way Malaysians approach skin and hair wellness.

Founded by **Dr Laviniya**, a certified aesthetic physician and medical doctor with extensive credentials, the clinic provides evidence-based treatments for **acne scars, pigmentation**, hair loss, and aging skin. Dr Laviniya is supported by an experienced team, including **Dr Carol** and **Dr Yasmeen**, who specialize in aesthetic medicine and personalized patient care.

“We treat every patient as a whole person—not just a skin condition. Our mission is to enhance

confidence and deliver lasting results using modern, safe technologies,” says Dr Laviniya.

Leading the Way in Acne Scars and Pigmentation Treatment in Malaysia

With increasing demand for reliable **acne scars treatment in Malaysia**, Dr LV Skin and Hair Clinic has invested in advanced therapies such as microneedling, chemical peels, and laser technology. These treatments help reduce scarring and restore smoother, healthier skin.

For those dealing with uneven skin tone, sunspots, and melasma, the clinic’s proven [pigmentation treatment in Malaysia](#) offers safe and customized solutions using medical-grade products and innovative light-based treatments.

Comprehensive Aesthetic & Wellness Solutions

Beyond dermatological care, the clinic offers a wide range of services, including:

- Anti-Wrinkle & Anti-Aging Treatments
- Laser Vaginal Rejuvenation
- Hair Fall & Hair Loss Treatment
- Healing with Stem Cell Therapy

Each treatment plan is developed after a thorough consultation, ensuring the approach aligns with the patient’s unique goals and comfort.
