

Dr. Mandi D. Conway, MD, FACS: Elevating Retinal Care in Sun City West

Distinguished Ophthalmologist and Academic Leader Brings Over 40 Years of Expertise to Arizona Retinal Specialists

New York City, New York May 28, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Arizona Retinal Specialists proudly highlights the exceptional contributions of Dr. Mandi D. Conway, MD, FACS, a renowned

ophthalmologist specializing in retinal diseases and uveitis. With over four decades of medical experience, Dr. Conway is celebrated for her compassionate patient care, groundbreaking research, and leadership in ophthalmic education.

A graduate of Rosalind Franklin University's Chicago Medical School, Dr. Conway completed her internship at Swedish Covenant Hospital and pursued an ophthalmology residency at Tulane University. She further honed her expertise through a surgical retina fellowship at Washington University in St. Louis. Board-certified by the American Board of Ophthalmology, Dr. Conway has dedicated her career to advancing the diagnosis and treatment of complex retinal conditions, including macular degeneration, diabetic retinopathy, retinal detachments, and ocular tumors.

Beyond her clinical practice, Dr. Conway serves as a Clinical Professor and Interim Chair of Ophthalmology at the University of Arizona College of Medicine – Phoenix. Her academic contributions include over 100 scientific publications and more than 150 presentations at national and international conferences, reflecting her commitment to medical education and research.

At Arizona Retinal Specialists, located at 13624 W Camino Del Sol, Suite 200B, Sun City West, Dr. Conway collaborates with a team of experts to provide state-of-the-art care for patients with retinal disorders. The clinic is equipped with advanced diagnostic tools and offers personalized treatment plans, ensuring optimal outcomes for each patient.

Dr. Conway's dedication to excellence in ophthalmology has earned her recognition as a "Top Doctor" in Sun City West. Her holistic approach to patient care, considering systemic health factors alongside ocular conditions, underscores her philosophy that effective eye care extends beyond the retina.
