

Dr. Morton Burrell, MD, FSAR, FACP, FACR, Appointed Chief of Gastrointestinal Radiology at Yale New Haven Hospital

Veteran Radiologist Brings Nearly Six Decades of Expertise to Yale's Prestigious Medical Team

New York City, New York May 28, 2025 ([Issuewire.com](https://www.issuewire.com)) - Yale New Haven Hospital proudly announces the appointment of Dr. Morton Burrell, MD, FSAR, FACP, FACR, as Chief of Gastrointestinal Radiology. With a distinguished career spanning nearly 60 years, Dr. Burrell's extensive experience in diagnostic imaging and academic leadership makes him a valuable addition to the hospital's esteemed

medical team.

Dr. Burrell's medical journey commenced with his graduation from the State University of New York Downstate Medical Center College of Medicine in 1966. He completed his internship at SUNY Downstate Health Sciences University, followed by a residency in internal medicine at NYC Health + Hospitals/Kings County. He further specialized with a residency in diagnostic radiology at Yale New Haven Hospital from 1970 to 1973. In 1974, he achieved board certification in diagnostic radiology from the American Board of Radiology, solidifying his expertise in the field.

In his new role, Dr. Burrell will oversee various programs at Yale New Haven Hospital, including Abdominal Imaging, the Body Imaging Division, the Inflammatory Bowel Disease Program, and the Pancreatic Diseases Program. His leadership is expected to enhance the hospital's capabilities in gastrointestinal radiology, fostering advancements in patient care and diagnostic accuracy.

Beyond his clinical responsibilities, Dr. Burrell serves as a Professor in the Department of Radiology and Biomedical Imaging at Yale School of Medicine. His academic role involves mentoring medical students, residents, and fellows, contributing to the education and development of future radiologists.

Dr. Burrell's appointment signifies Yale New Haven Hospital's commitment to excellence in medical imaging and patient care. His extensive experience and dedication to the field are anticipated to drive innovation and set new standards in gastrointestinal radiology.
