What's Inside the Set?

Think of it as your personal gym in a bag. Here's what you get:

5 color-coded resistance bands (from light to heavy, you can stack them up to 150 lbs)

2 foam-padded handles (comfortable and grippy)

1 waterproof travel bag (because you're going places)

From squats to shoulder presses, this compact kit helps you hit every muscle group at home, in a hotel room, or even in your backyard.

Why We Made It

"We know how hard it can be to stay consistent when life gets in the way," says Alvin, Brand Manager at FitGritStore.com.

"This set is about removing barriers. You don't need a gym. You don't need an hour. Just a few feet of space and the will to move."

And honestly, he's not wrong. This resistance band set is proof that effective workouts don't have to mean heavy lifting in crowded gyms.
