

International Conference on Science Technology and Management (ICSTM) by All International Conference

"Innovating the Future of Science, Technology, and Management"

Kuala Lumpur, Malaysia May 12, 2025 ([IssueWire.com](http://www.IssueWire.com)) - [International Association of Science, Technology, and Engineering Management \(IASTEM\)](#) is proud to announce the upcoming International Conference on Science, Technology, and Management (ICSTM), set to bring together scholars, professionals, researchers, and industry leaders from around the globe to explore and discuss groundbreaking developments in the fields of science, technology, and management. This highly

anticipated event will serve as a dynamic platform for sharing knowledge, fostering collaborations, and addressing the pressing challenges and opportunities that shape the future of these industries.

Event Overview:

The ICSTM will feature an extensive program of keynote speeches, academic presentations, panel discussions, and workshops designed to stimulate dialogue and inspire innovative thinking. Attendees will have the opportunity to engage with renowned experts in the field and gain valuable insights into the latest trends, cutting-edge research, and real-world applications of science, technology, and management principles. The event is aimed at providing participants with a comprehensive understanding of how these sectors intersect and influence each other in an increasingly interconnected world.

The conference will cover a diverse range of topics, including but not limited to:

- **Emerging Technologies:** Artificial Intelligence, Blockchain, IoT, and their transformative impact on industries.
- **Sustainable Development:** Advancements in eco-friendly practices, renewable energy solutions, and green technologies.
- **Management Innovations:** Strategies for effective leadership, project management, and organizational growth in a tech-driven landscape.
- **Scientific Research & Discoveries:** Cutting-edge scientific research that is reshaping the future of industries and societies worldwide.

Why Attend?

The ICSTM conference is an excellent opportunity for professionals and researchers to:

- **Network** with global experts and industry leaders.
- **Gain insights** into the latest research and innovations in science, technology, and management.
- **Present research** and projects to a highly engaged audience of like-minded individuals.
- **Collaborate** with peers from diverse backgrounds and sectors.
- **Enhance career opportunities** through exposure to industry trends and emerging technologies.

About IASTEM:

IASTEM is a global organization dedicated to advancing the fields of science, technology, and engineering management. Through its various conferences and events, IASTEM fosters an environment of collaboration and knowledge exchange, allowing professionals from different sectors to come

together and drive positive change within their industries. With a focus on innovation, sustainability, and practical applications, IASTEM plays a pivotal role in shaping the future of these critical fields.

Conference Details:

- **Date:** 18th Jun 2026
- **Location:** Kuala Lumpur, Malaysia
- **Contact Email:** info@iastem.org
- **Contact Person:** Conference Coordinator, IASTEM
- **Website:** <https://www.allinternationalconference.com/>
