

Intersys Limited Showcases Digital Innovation and Startup Empowerment at DFDI Forum 2025

Federal Capital Area, Pakistan May 4, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Intersys Limited, a fast-growing digital services and IT solutions provider, proudly announces its participation at the prestigious [Digital Foreign Direct Investment \(DFDI\) Forum](#) 2025, held in Islamabad from April 29-30. Organized by the Government of Pakistan and the Digital Cooperation Organization (DCO), the DFDI Forum highlights Pakistan's emergence as a promising destination for digital innovation and investment.

Intersys Limited's presence at this landmark event reflects its commitment to accelerating Pakistan's digital economy by supporting startups, driving IT excellence, and fostering cross-border digital collaboration.

Powering the Next Wave of Digital Growth

Since its inception, Intersys Limited has been on a mission to bridge the gap between traditional businesses and the digital future. Through its cutting-edge digital services, including cloud solutions, IT consultancy, and business process outsourcing, Intersys has empowered a new generation of enterprises to grow faster, scale smarter, and operate globally.

At DFDI Forum 2025, Intersys is highlighting its role as a launchpad for startups and SMEs, providing vital technological support, business acceleration, and access to international markets. By equipping businesses with the right digital tools, Intersys is helping Pakistan become a hub for innovation-driven entrepreneurship.

Building a Tech-Driven Future

Intersys Limited is seizing the DFDI Forum 2025 as a platform to extend an open invitation to global investors, venture capitalists, and emerging startups to collaborate on new initiatives across the digital, fintech, and IT services sectors. The company plans to actively work with investors to incubate and scale innovative ideas, offering deep technological expertise, digital infrastructure, and market access.

By partnering with startups, Intersys aims to co-create next-generation solutions that address real-world challenges in finance, healthcare, logistics, retail, and beyond. Through these partnerships, Intersys is determined to accelerate digital transformation within Pakistan, while simultaneously positioning the country as a key player in the global technology and investment landscape.

"Innovation thrives when bright minds and bold investors come together," **Mr. Saad Iqbal**, CEO-Intersys Limited. "We look forward to collaborating with partners who share our vision of building Digital Pakistan."
