

Keene Systems, Inc. – Trusted Leader in Custom Software Development for Businesses Nationwide

Empowering businesses with scalable ASP.NET, .NET Core, and custom software solutions to boost productivity and streamline operations.

The graphic features a dark blue background with a white and blue Keene Systems logo in the top left corner. The logo includes a mountain icon and the tagline "Solving business problems with software solutions". Below the logo, the text "KEENE . SYSTEMS, INC" is displayed in large, bold, white and blue letters. Underneath this, the phrase "Effective Alternatives to Spreadsheets" is written in a smaller, italicized white font. On the right side, there is a photograph of a person's hands using a laptop and a smartphone. The background is decorated with several small blue diamond shapes.

Plymouth, New Hampshire May 14, 2025 ([IssueWire.com](https://www.issuewire.com)) - Keene Systems, Inc., a leading custom software development company, proudly announces its continued commitment to helping businesses nationwide modernize and streamline their operations. Specializing in technologies such as **ASP.NET**, **.NET Core**, **React**, **C#**, **SQL Server**, **DotNetNuke**, and **FileMaker Pro**, Keene Systems delivers scalable and secure business applications tailored to client needs.

With a track record of successful projects across industries, Keene Systems enables organizations to increase efficiency through powerful, user-centric software solutions. From building custom web applications to modernizing legacy systems, the company provides full-cycle software development services that solve real business challenges.

"We don't just write code — we build solutions that transform business processes," says **Lance Keene**, Founder and President of Keene Systems.
