

LEWA Launches Powerful Books Teaching History & Values in a Captivating New Format—Revolutionizing Children’s Publishing

Fun to read, hard to forget—this series builds empathy, curiosity, and character while making history feel like an epic global adventure.

New York City, New York May 15, 2025 ([Issuewire.com](https://www.issuewire.com)) - Len Eddy’s Press has launched a bold new standard in children’s publishing: [Len Eddy’s World Adventures](#)—a groundbreaking book series designed to give kids thrilling stories that also educate, expand horizons, and build strong values. With 4 beautifully illustrated books already released, this is the beginning of a meaningful, story-driven education movement.

At the heart of the series is Len Eddy, a brave lion cub whose global journeys introduce children to cultures, geography, historical events, and deep moral lessons—all told through exciting, emotionally rich adventures.

From African savannas and slave ships to the jungles of Cuba and beyond, young readers follow Len Eddy as he navigates danger, rescues friends, and learns what it means to be loyal, kind, and courageous in a world that isn’t always fair.

“These aren’t message books wrapped in fluff. They’re gripping, page-turning adventures that just happen to teach history, geography, culture, and character,” says Rhonda Bady-Hill, the series creator and founder of Len Eddy’s Press.

A Series with Substance

Each title in Len Eddy's World Adventures (LEWA) is offered in two formats: one for younger readers (grades 1–3) and one for older readers (grades 3–5), making the series ideal for mixed-age households, classrooms, and differentiated learning environments. This dual-format approach is part of Len Eddy's Press's mission: to honor children's intelligence and emotional development at every stage.

With the launch of this debut series, Len Eddy's Press is building an award-winning, niche brand that's reshaping the landscape of children's publishing. Their one-of-a-kind books deliver culturally rich, age-tailored content while fostering empathy, curiosity, and global awareness in young readers across all levels.

Len Eddy's World Adventures will publish multiple exciting series over the next months and years. Each series will have 4 adventure books for two different age groups, and 1 "prior knowledge" book for each age group. That's 10 books total per series, each one designed to make history fun, engaging, and easy to understand!

This debut book launch includes:

Prior Knowledge Book: The Story of Africa

A rich, engaging primer told in Len Eddy's voice that prepares children to understand the cultural and historical backdrop of his African adventures. This is not a dull timeline—it's a living, story-driven walkthrough of geography, ancient kingdoms, wildlife, and the big questions kids ask when exploring the world.

Adventure Book 1: Life on the Savanna

A thrilling origin story that sees Len swept onto a slave ship after a hunt goes wrong—an unforgettable entry into global history for young readers.

Coming soon in this series:

Adventure Book 2: Friends and Foes

Onboard the ship, Len smuggles food to enslaved children before being captured. A story of danger, compassion, and courage in the darkest of places (currently in development).

Adventure Book 3: Escape and Survival (Cuba)

Len faces crocodiles, quicksand, and cruelty as he bonds with a boy born into slavery—and fights to protect him. (currently in development)

Adventure Book 4: The Smugglers (America)

At a military base in America, Len and his friend—a young enslaved boy—work as performers in a traveling circus. But behind the laughter and lights, Len begins to see the dark truth of slavery. Moved by what he witnesses, the two friends risk everything in a series of dangerous, daring, and clever missions to help runaway slaves escape to freedom.

Entertainment That Builds Character and Global Awareness

What makes Len Eddy's World Adventures so powerful is what it leaves kids with when the final page turns:

- A natural understanding of slavery, justice, and resilience—without trauma, fear, or politics
- A sense of global belonging and curiosity
- A love for storytelling, courage, and truth
- Deep empathy and moral clarity

Every book includes built-in educational supports, such as question prompts, answer keys, enunciation tips, and pronunciation help, making it a perfect choice for homeschoolers, educators, and parents looking for stories that enrich without preaching.

And it's all wrapped in richly illustrated, beautifully told adventures kids want to read.

Unlike traditional fact-heavy history books that often bore young readers, Len Eddy's World Adventures stands out for being both deeply educational and genuinely fun. Its unique storytelling approach helps kids absorb history effortlessly—without even realizing they're learning.

A Clean, Agenda-Free Alternative for Modern Families

In an increasingly polarized market, Len Eddy's World Adventures stands out for what it doesn't include:

- ❑ No political agendas
- ❑ No forced ideology
- ❑ No inappropriate content
- ❑ Just great stories, deep meaning, and fun that brings families together

"These books were designed to be universally loved," says Bady-Hill. "Conservative or progressive, religious or secular—every parent wants their child to grow up kind, strong, curious, and wise. That's what Len Eddy teaches. That's what this series delivers."

About the Author and the Series

The lion cub, Len Eddy, was inspired by a real child—Rhonda's beloved cousin, whose life was tragically cut short before he could fulfill his dream of exploring the world. This series is his legacy: a brave, loving, curious spirit who travels to every corner of the globe, helping others and discovering what it means to be human.

The first 4 books are available now on Amazon as Kindle e-books and print books. In the coming year, Len Eddy's Press plans to expand the series to cover more continents, languages, and stories.
