

Meet Jin Y. Kim, DDS, MPH, MS: Redefining Periodontal Care with Compassion and Expertise

Dual Board-Certified Specialist Brings Over Three Decades of Experience to California Patients

New York City, New York May 25, 2025 ([Issuewire.com](https://www.issuewire.com)) - Jin Y. Kim, DDS, MPH, MS, a dual board-certified specialist in periodontics and dental implants, is proud to announce his continued commitment to providing exceptional dental care to patients in California. With a career spanning over 35 years, Dr.

Kim has established himself as a leader in the field, combining cutting-edge technology with a compassionate and patient-centered approach to treatment.

His journey in dentistry began in 1987, and since then, Dr. Kim has worked in a variety of settings across Australia, Korea, and California. From private practices to hospital environments and academic institutions, his extensive experience has shaped his comprehensive understanding of periodontal care. Currently, Dr. Kim operates a specialty private practice alongside Dr. Richard K. Lee, DMD, with locations in Diamond Bar and Garden Grove.

“Every patient deserves high-quality care that enhances not only their oral health but also their overall well-being,” says Dr. Kim. “We strive to provide advanced, comprehensive treatment plans tailored to each individual, ensuring that they receive the best possible care.”

Comprehensive Care with Advanced Technology

Dr. Kim is renowned for his expertise in complex cases, leveraging state-of-the-art diagnostic technologies to deliver optimal outcomes. His office is equipped with advanced dental technologies, including 3D planning software, digital X-rays, and T-scan technology, as well as low-radiation CT Scan technology for precise implant surgery planning. These tools allow Dr. Kim to provide safe and effective treatment options tailored to each patient’s unique needs.

In addition to his specialized services in periodontal care, Dr. Kim offers a full range of treatments, including gum grafting, laser gum therapy, root planing, and the innovative pinhole surgical technique. His proficiency in both soft and hard tissue management enables him to provide patients with All-on-4 dental implants, as well as single and multiple implants.

A Commitment to Education and Research

Dr. Kim’s dedication to dentistry extends beyond his private practice. He serves as a lecturer at the UCLA School of Dentistry, where he educates future dental professionals on the latest advancements in periodontal care. As a sought-after international speaker, he presents at prestigious conferences and universities worldwide, sharing his knowledge and experiences with colleagues and aspiring dentists alike.

His contributions to the field of periodontics are further demonstrated through his research, which has been published in respected journals such as the Journal of Periodontology, Journal of Dental Research, and Practical Periodontics and Aesthetic Dentistry. Dr. Kim has also translated Dr. Arun Garg’s popular implant textbook into Korean and has contributed to an implant dentistry case textbook in Korea, solidifying his role as a global leader in the field.

Community Engagement and Personal Life

Beyond his professional accomplishments, Dr. Kim is dedicated to giving back to his community. He actively participates in Boy Scout activities, having served as cub master for Pack 1238 in Fullerton and currently as an Assistant Scoutmaster at Troop 93. Dr. Kim is also a proud family man, married to Dr. Connie Kyung Choi, a fellow dentist, and a father to three boys—Justin, Stanley, and Cameron.

Assurance of Quality Care

Dr. Kim’s extensive training and dual board certifications—by the American Board of Periodontology

and the American Board of Oral Implantology/Implant Dentistry—ensure that he provides the highest standard of care to his patients. His promise of a “lifetime warranty” on dental implants reflects his confidence in the quality of his work and his commitment to patient satisfaction.

“Patients can rest assured that our academic achievements and cutting-edge knowledge translate into compassionate and cost-effective treatment options,” Dr. Kim emphasizes. “We are here to support our patients every step of the way, ensuring their dental health needs are met with the utmost care.”
