Teresa, who has always enjoyed education, was born and raised in Dunedin, and is the current principal of Tarpon Springs Fundamental School.

*"We are thrilled to join the Pasco County Chamber of Commerce and become an active part of Pasco's rapidly expanding business community," said Chris Price. "Our goal is to provide homeowners with reliable roofing and restoration solutions that protect their homes and families for decades to come. After attending Dunedin middle and high school and being taken out of the area for our collegiate years, Teresa and I always knew we would open an office in our home area. We are super stoked to represent and participate in this community!"*

The Price family's philanthropic spirit has always been a core part of their business. Joining the Pasco County Chamber reflects Metro Builders' commitment to supporting local initiatives, fostering community relationships, and contributing to the growth and prosperity of our local community.
