

PHRBO.com Launches Comprehensive SaaS Solutions for EOR, PEO, and Staffing Companies Worldwide

PHRBO.com, a pioneer Workforce Ops Orchestration Platform, proudly announces global launch of its powerful suite of SaaS solutions designed specifically for Employer of Record (EOR), Professional Employer Organizations (PEOs), & staffing companies.

Ontario, Canada May 29, 2025 ([Issuewire.com](https://www.issuewire.com)) - **PHRBO.com**, a pioneer Workforce Ops Orchestration Platform, proudly announces the global launch of its powerful suite of **SaaS solutions** designed specifically for **Employer of Record (EOR)** providers, **Professional Employer Organizations (PEOs)**, and **staffing companies**.

These next-generation solutions—[PEO Software](#), [HR Software](#), [EOR Software](#), and **Staffing Software**—equip service providers with a comprehensive toolset to streamline operations, reduce administrative overhead, and deliver an exceptional client and worker experience.

“Our mission is to empower local and global EOR and PEO service providers with intuitive, scalable and automated invoicing solutions that remove complexity from managing global workforce businesses,” said Jonathan Page, Partner & CRO at PHRBO.com. “With our newly launched platform, EORs, PEOs, and staffing firms can scale faster, serve clients better, and stay ahead of regulatory and operational challenges that erode profitability.”

Key Features of the SaaS Suite Include:

- **Automated Payroll Invoicing** with support for **multiple pay schedules** and **customizable pay and billing structures**
- **Invoice-to-Pay Matching Automation** to eliminate manual reconciliation
- **Consolidated Worker and Client Profiles** for a single source of truth
- **Advanced Timesheet, Leave, and Expense Management**
- **Configurable Roles and Permissions** for secure access control
- Real-time insights into **accounts receivable and payables**
- **Multi-currency and multi-country** configurability

Built for flexibility and global scalability, PHRBO.com’s solutions are ideal for EOR and PEO firms managing diverse worker types, across borders, and within complex compliance environments.

With this launch, PHRBO.com strengthens its position as a strategic technology partner for the global workforce ecosystem—helping service providers automate, optimize, and grow.

About PHRBO.com

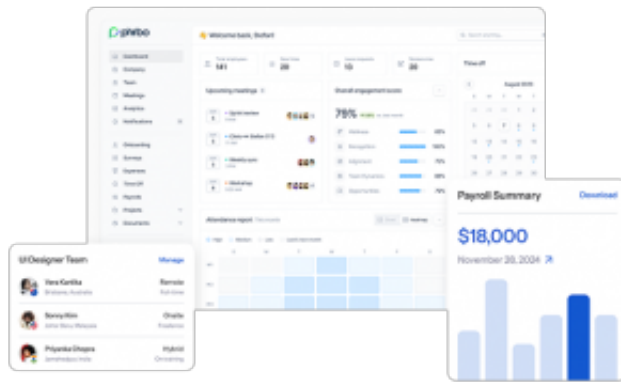

PHRBO.com is a Workforce Ops Orchestration Platform delivering SaaS solutions that simplify workforce, payroll operations, and HR management for EORs, PEOs, and staffing companies.
