Pro-line Trailers Joins Trailer Safety Week to Promote Safe Summer Travels

Pro-line Trailers is proud to announce its participation in **Trailer Safety Week**, an annual event dedicated to educating trailer owners and operators on best practices for safe towing. As summer kicks off, Pro-line Trailers is committed to keeping the community informed and prepared for safe travels.

Trailer Safety Week, held annually in June, is an industry-wide initiative led by the National Association of Trailer Manufacturers (NATM). It aims to increase trailer safety awareness through resources, education, and professional support.

Ready to Roll – Trailer Safety Kickoff!

To start the summer safely, Pro-line Trailers will focus on equipping customers with the knowledge and tools needed for safe towing. The week will include:

- **Safety Inspections:** Comprehensive front-to-back (FTB) inspections to ensure road readiness.
- **Safety Tips:** Daily tips on social media highlighting critical safety practices, including hitch inspections, tire checks, and proper load securing.

“We’re dedicated to promoting trailer safety year-round, but Trailer Safety Week is a special opportunity to focus our efforts,” said the team at Pro-line Trailers. “We want our customers to hit the road with confidence, knowing their trailers are properly maintained and equipped for safe towing.”

Get Involved

Follow Pro-line Trailers on social media for daily safety tips and updates throughout Trailer Safety Week. Visit our [website](http://www.prolinetrailers.com) to learn more about our safety services, trailer sales, and parts promotions.

Join us in celebrating Trailer Safety Week and make sure your trailer is **Ready to Roll** this summer!
