

Qubit Labs Introduced a New Solution for IT Outsourcing Estimation

Tech companies can now calculate the IT outsourcing cost in seconds.

The image shows a promotional graphic for Qubit Labs' IT Outsourcing Calculator. The background is a dark green with a subtle pattern of overlapping circles. In the top left corner is the Qubit Labs logo, which consists of a green circle with a white dot inside, followed by the text 'Qubit LABS'. Below the logo, the text 'Try our free' is written in white. To the right of this text is a large white box containing the words 'IT Outsourcing' in green and 'Calculator' in orange. Below this box is a screenshot of the calculator's web interface. The interface has a light gray header with the title 'DEVELOPER SALARY RESEARCH TOOL' in bold. Below the title is a short description: 'Analyze and compare the salaries of professionals across 18+ countries. Streamline your hiring process with clear, data-driven insights from our database. Enter your requirements to research rates.' The main body of the interface is white and contains a form with the heading 'I am looking for:'. Below this heading are three dropdown menus labeled 'Developer', 'Level', and 'Location', followed by a green button labeled 'ADD SPECIALIST'. Below the form is a preview of the results, showing a table with columns for 'Country', 'Role', 'Level', 'Salary', 'Experience', and 'Location'. The table has one row of data. Below the table is a green button labeled 'SCHEDULE A CALL'.

Plan your budget smarter

London, United Kingdom May 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Qubit Labs](https://www.qubitlabs.com) has released an advanced outsourcing budget planner that combines tailored comparisons by role, level, and location and accurate salary data. This solution can help startup founders, small and medium businesses, CTOs, and large corporations optimize their IT outsourcing spending by 47% and implement efficient hiring strategies.

“Qubit Labs focuses on building flourishing relationships with our clients. Therefore, we regularly release next-gen tools to help them improve their hiring decisions and achieve significant savings. Therefore, we released a cutting-edge outsourcing cost assessment tool that allows our clients to receive accurate salary insights tailored to their needs,” stated a spokesperson from Qubit Labs.

This calculator provides accurate information regarding the IT specialists’ salaries in certain regions and specific data on cost savings compared to the USA.

Top Highlights of Qubit Labs’ IT Budgeting Tool

- **Custom Requirements**

To get the most relevant results, companies can choose the role of the specialist (developer of different specializations, technical support specialist, and others), their level, and location. Qubit Labs can also conduct a customized salary survey for any country of interest.

- **Accurate Compensation Insights**

The salary information provided is 100% aligned with industry trends. It has been manually collected and analyzed by recruiters with more than 10 years of experience. This data clearly explains the anticipated costs in different regions and positions.

- **Financial Optimization Information**

Information about the average recruitment time for a particular position and cost reduction compared to US compensation is a distinctive feature of this calculator. With this information, companies can effectively plan their budget and hiring strategy.

- **Optimized Processes**

This IT cost calculator provides comprehensive comparisons and relevant compensation data by country. This enables companies to enhance their hiring strategy and save time on independent market research.

With the help of this cutting-edge tool, businesses quickly get precise wage information and choose the perfect location for sourcing IT specialists to enhance their hiring process and save costs. Visit the official website to learn more about this cost calculator: <https://qubit-labs.com/outsourcing-cost-calculator/>

About Qubit Labs
