

Robert Thi, DMD: A Compassionate Dentist Committed to Patient-Centric Care

Building Healthy Smiles with Empathy and Expertise

New York City, New York May 9, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr. Robert Thi, a dedicated and compassionate dental professional, is proud to announce the opening of his new dental practice. With a Bachelor of Science degree from the University of Toronto and a Doctor of Dental Medicine (DMD) from the UNLV School of Dental Medicine, Dr. Thi brings a wealth of knowledge and expertise to the community.

As a member of the American Dental Association, Dr. Thi stays current with the latest advancements in dentistry, ensuring that his patients receive the best care possible. His commitment to ongoing education and professional development reflects his desire to provide top-notch dental services in a warm and welcoming environment.

Dr. Thi's approach to dentistry centers on valuing and prioritizing the needs of his patients. He believes that every visit to the dentist should be a positive experience, and he strives to create a comfortable atmosphere where patients feel understood and supported. "In my practice, I focus on putting patients first. I believe in showing compassion and providing thorough care that meets their needs," Dr. Thi states. "I aim to ensure that every patient leaves feeling confident, comfortable, and positive about their oral health."

In addition to his professional qualifications, Dr. Thi enjoys staying active in his spare time. Whether it's hitting the gym, playing tennis or pickleball in the summer, or exploring the great outdoors through hiking, he believes that a healthy lifestyle contributes to overall well-being—an ethos he shares with his patients.

With a vision to redefine dental care in the community, Dr. Thi is excited to build lasting relationships with his patients and is committed to empowering them through education and preventive care. His practice will offer a comprehensive range of dental services, including routine check-ups, cosmetic dentistry, and restorative procedures, all tailored to meet the individual needs of each patient.
