

Ted Delgrosso Returns with Ted's Tales 3—Thrilling Stories of Adventure, Sci-Fi, and the Human Experience

Ted Delgrosso returns with Ted's Tales 3—a captivating anthology of 30 thrilling stories blending adventure, sci-fi, and deep human themes. Now available for pre-order on Amazon.

Jersey City, New Jersey Jun 22, 2025 ([IssueWire.com](https://www.issuewire.com)) - Acclaimed author Ted Delgrosso is back with Ted's Tales 3, an exciting new addition to his celebrated anthology series. Set to be released soon, this latest installment continues Delgrosso's tradition of creating compelling narratives that span contemporary fiction and science fiction.

Delgrosso, known for his previous works, Ted's Tales, Ted's Tales Two, and Short Timers, has once again crafted a collection of thirty stories for his fourth book. From thrilling adventures to deep philosophical musings, Ted's Tales 3 will also be an unforgettable reading experience.

While discussing his writing journey, Delgrosso states, "Moving from storyteller to writer is something I had been postponing for years. Then I read a few quotes—by authors whose names I had long forgotten—but the common theme was: 'If you want to be a writer, write!' Simple, yes, but true. And right on point. Many of my stories arise from personal experiences, retellings of old tales, or pure imagination. Some are inspired by reality, fictionalized and elaborated upon, while others explore the possibilities of the future. I hope readers find as much joy in reading them as I did in writing them."

With Ted's Tales 3, Delgrosso continues to push creative boundaries, blending storytelling with speculative ideas that entertain. Fans of his previous work, as well as new readers, will find much to love in this latest collection.

About The Author:

The author of the Ted's Tales series, Ted Delgrosso, is a lifelong resident of Northern New Jersey. He spent four years as a hull technician in damage control in the U.S. Navy before earning his bachelor's degree from Montclair State University. In addition to his writing career, Ted spent twenty-five years employed by The Home Depot and has been retired now for two years. He is a devoted husband to Susan and father to two grown children, Diana and David.

Delgrosso's passion for writing ignited at an early age when he became an active member of the Boy Scouts and martial arts. His experiences in summer camp and the Navy as an adult fueled his creativity and compelled him to turn his outdoor adventures into thrilling stories, first told and then written.

Delgrosso's calling was always fiction. It allowed him to transform real-life events into exciting narratives. He is an enthusiastic advocate of "unlimited creativity," and his expansive imagination as a child has now evolved into a successful writing career.
