**Los Angeles, California May 29, 2025 ([IssueWire.com](https://www.issuewire.com))** - What do Wheel of Fortune players, job scams, and Elon Musk impersonators have in common? They've all texted comedian Evan Wecksell—and lived to regret it.

In his latest book, *The Spam Whisperer 2: Never Stop Whispering*, Wecksell turns a year's worth of bizarre, unsolicited messages into comedy gold. From "wrong number" flirts to get-rich-quick schemes, Wecksell meets every scammer with sarcasm, improv, and an unshakable sense of humor.

Following the viral success of *The Spam Whisperer*, this new installment dives even deeper into the wild world of bots, catfishers, and typo-riddled phishing attempts. Equal parts roast and rollercoaster, it's a modern comedy memoir for the digitally exhausted.

"This book is 1/3 comedic playground, 1/3 catharsis and 1/3 online masterclass," says Wecksell.

An alum of Conan, Comedy Central, *The Goldbergs*, and *America's Got Talent*, Wecksell has toured nationwide and built a following on social media for his quick-witted "scambaiting" performances. *The Spam Whisperer 2* collects the funniest, strangest, and most ridiculous text exchanges from the past year—proof that the best way to deal with nonsense... is to out-nonsense it.

*The Spam Whisperer 2* is available June 3, 2025 on Amazon in paperback and eBook formats.
