

Track Your Crypto Holdings with Confidence: CoinSyncer Now Available on Android and Web

Hyderabad, Telangana May 29, 2025 ([IssueWire.com](https://www.issuewire.com)) - Managing crypto assets just got easier with **CoinSyncer**, a new app designed to help users accurately track their cryptocurrency holdings across multiple exchanges and wallets. CoinSyncer is now available for Android devices and accessible via any web browser.

Supporting over **20 major exchanges**—including **Binance, KuCoin, and Gate**—and **more than 70 wallets** like **Bitcoin, Ethereum, and Ripple**, CoinSyncer offers broad coverage for today's crypto investors. The platform ensures **highly accurate mapping of assets**, avoiding the common issue of mislabelled or incorrectly matched cryptocurrencies seen in other apps.

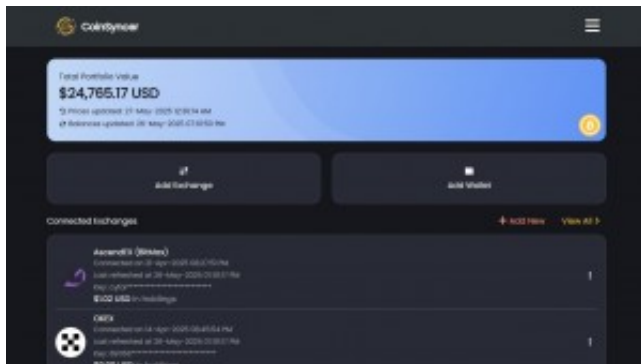

CoinSyncer updates balances and prices several times daily, offering users a dependable and consolidated view of their portfolio—without overwhelming complexity or noise.

The app is free to use and available via:

- Android: [Google Play Store](#)
- Browser: <https://app.coinsyncer.com>

More integrations and features are actively being added to keep pace with the rapidly evolving crypto space.
