The courier service known for delivering pharmaceuticals internationally from India for personal use only is **ShipMyMedicine Courier**. This trusted service specializes in sending **prescribed medicines** from India to countries like the **USA, UK, Australia, Canada, Singapore**, and more—ensuring full

compliance with international customs and health regulations.

📄 Guide to Sending Medicines Internationally with ShipMyMedicine Courier:

- **Get a Valid Doctor's Prescription**

- Ensure the prescription clearly includes the patient's name, medicine name, dosage, and doctor's signature with registration number.

- **Collect the Pharmacy Invoice**

- Keep the original purchase invoice as proof. It should show the quantity, batch number, price, and pharmacy details.

- **Prepare a Self-Declaration Letter**

- Write a short declaration stating the medicines are for personal use and not for resale.

- **Verify the Medicine's Legality**

- Confirm that the medicine you are sending is allowed in the destination country. ShipMyMedicine can assist with this.

- **Packaging & Pickup**

- ShipMyMedicine offers secure packing and door-to-door pickup services from cities like **Hyderabad, Mumbai, Delhi, Bangalore, and Chennai.**

- **Choose an International Courier Partner**

- ShipMyMedicine partners with DHL, FedEx, Aramex, and UPS to ensure fast and safe delivery.

- **Track Your Shipment**

- You'll receive real-time tracking updates until the package is safely delivered.

- 📄 Expert support for **customs documentation**
- 📄 Affordable pricing starting from ₹4400*
- 📄 **Door-to-door pickup and delivery**

- **📍 Pan-India service coverage**
- **📦 Partnership with DHL, FedEx, Aramex, UPS & more**

No matter where you are in India—Hyderabad, Mumbai, Delhi, Chennai, or a remote town—we'll get your package picked up, packed securely, and shipped via DHL.

Documents Required for DHL Medicine Shipping from India to USA:

To comply with international regulations and ensure a smooth shipment, the following documents are necessary:

- **Doctor's Prescription** – Clearly mentions the patient's name, medicine details, and doctor's license number.
- **Pharmacy Invoice** – Proof of purchase including price, quantity, and pharmacy details.
- **Self-declaration Letter** – Confirms the medicines are for personal use only.
- **Valid ID Proof** – Passport, Aadhaar, or Driver's License copy of the sender.

ShipMyMedicine Courier will help you with document verification to ensure everything is in place before shipping.

Steps to Send Prescription Medicine Overseas with ShipMyMedicine:

- **Check Regulations:**
 - Verify the regulations for exporting prescription medicines from India and importing them into the destination country. Some countries have strict rules about what types of medicines can be imported.
 - Ensure the medicine is not prohibited or controlled in the destination country.
- **Contact ShipMyMedicine:**
 - Reach out to ShipMyMedicine through their website or customer service in Hyderabad. They can provide specific guidance based on the type of medication and the destination country.
- **Prepare the Required Documents:**
 - Typically, the following documents are required:
 - **Doctor's Prescription:** A valid prescription from a certified doctor in India, specifying the medicine and dosage.
 - **Medical Certificate:** Sometimes, a medical certificate may be required to

confirm the necessity of the medicine.

- **Invoice or Purchase Receipt:** Proof of purchase of the medication from a licensed pharmacy.
- **ID Proof:** The sender's ID proof, such as a passport or Aadhaar card.

- **Proper Packaging:**

- Pack the medication securely in its original packaging to prevent damage.
- Include a copy of the prescription inside the package.

- **Fill the Courier Form:**

- ShipMyMedicine will provide a form that needs to be filled out with details about the sender, receiver, and the contents of the package. This helps with customs clearance.

- **Schedule a Pickup or Drop-off:**

- Depending on ShipMyMedicine's services, you can either schedule a pickup from your address in Hyderabad or drop the package at their office.

- **Pay the Shipping Fees:**

- Shipping charges will depend on the weight, destination, and urgency of the delivery (express or standard). Make sure to confirm the total charges before proceeding.

- **Tracking and Delivery:**

- After the package is shipped, ShipMyMedicine will provide a tracking number. Use this to monitor the status of your shipment.
- Keep the recipient informed about the estimated delivery date and any necessary actions they may need to take during customs clearance in their country.

- **Customs Clearance:**

- The package will need to go through customs both in India and in the destination country. Ensure that all documentation is accurate to avoid delays.
- Some countries may require the recipient to present the prescription or pay customs duties before they can collect the medicine.

Tips for a Smooth Process:

- **Contact the Consulate/Embassy:** If you are unsure about the regulations in the destination country, contact the consulate or embassy for guidance.

- **Labeling:** Clearly label the package with details like “Prescription Medication for Personal Use” to facilitate customs clearance.
- **Use Reliable Shipping:** Opt for services like *ShipMyMedicine* that specialize in handling medications, ensuring that your package is delivered safely and compliantly.

Always consult with ShipMyMedicine for any specific requirements or additional documentation needed for your shipment. This will ensure a hassle-free process for sending prescription medicines overseas.
